Appliance Troubleshooting I (12wks)

Students learn how to operate and maintain appliances at home and in the field. They'll be introduced to old and new models of washers, dryers, ranges and refrigerators. Students will see the inner workings of many different units and learn how to repair them. Learn how Energy Star appliances are designed to save you money and energy. Prerequisites: None

Wednesday - August 28 to November 13
8am-11am or 4pm-7pm
Location: Appliance Depot
4728 Hohman Ave., Hammond IN
Instructor: Roland Alvarez

Basic Electronics (4wks)

This is the best and easiest way to learn electronics. A completely hands-on class where you will learn to design, build and test your very own basic electronics circuits. Learn to use ohms law, resistance and capacitance, digital logic, solder, how to use a meter and test circuits in just a few easy and fun classes. Your instructor has multiple US Patents in circuit design and can easily teach you. Prerequisites: None

Thursdays - September 12 to October 3
8:30am-11am or 3pm-5:30pm
Location: JobLink
Instructor: Bill Needles

Auto Collision and Refinishing (10wks)

Get hands-on body work and painting experience in this 10-week class. You will have opportunity to learn modern vehicle painting and repair techniques. In most cases, you will be able to work on your personal vehicle (with the instructor's permission). Prerequisites: None

Monday - September 9 to November 18
4pm-7pm - No class November 4
Location: Area Career Center
5727 Sohl Ave., Hammond IN
Instructor: Samatha McCauley

Basic Plumbing (6wks)

Would you like to avoid the high cost of simple home plumbing repairs? Learn to fix toilets and faucets as well as install water heaters. The basics in this class include how to: dismantle and install faucets, install O rings and washers, solder copper water lines as well as how to solder fittings and glue PVC to ensure a closed system. Prerequisites: None

Wednesdays - October 16 to November 20
8am-11am or 3:30pm-6:30pm
Location: JobLink
Instructor: Bill Cameon

Auto Mechanics (10wks)

Get practical, hands-on repair and troubleshooting experience in this 10-week class. Turn troubleshooting theory into practice on modern vehicles. Additionally you will have opportunity to earn Snap-On Meter Certification. Another plus is that you can work on your personal vehicle (with the instructor's permission). Prerequisites: None

Mondays - September 9 to November 18
4pm-7pm - No class November 4
Location: Area Career Center
5727 Sohl Ave., Hammond IN
Instructor: Bruce Crossett

Lawn Equipment Maintenance and Repair (12wks)

As summer ends and cooler weather approaches, how will you prepare your lawn equipment so it will work properly next spring? Repair shops charge $60 to $75 an hour for tuning up, repairing or prepping equipment for storage. Why not learn to do these things yourself and save? Bring your equipment into class for hands-on training. NOTE: Students may attend once a week - EITHER on Monday OR Thursday. Prerequisites: None

Mondays OR Thursdays - September 16 to December 12
8am-11am or 3pm-6pm
No class November 25 & 28
Location: Joblink (Mondays)
Location: Leon Lynch (Thursdays)
Instructor: Mike Daly
Active steelworker registration begins **Monday, July 15th!**

**String Instrument Repair Lab**

Keeping one's guitar, bass, or other string instrument in top playing condition is important to any musician. In this course you will learn the basics of guitar/string instrument maintenance and set-up including neck, fingerboard and fret adjustment, balancing string intonation, setting proper string action, and repair of cracks and surface refinishing. Bring in your own instruments for a tune-up. Also, this can be used as open lab time for those who are working to complete their instrument from earlier classes.

**Prerequisites:** None

**Saturdays - November 2 to November 16**
9am-1pm or 2:30pm-6:30pm
Location: JobLink
Instructor: Dave Dolak

**Welding**

Learn to weld in this practical, hands-on class. Whether you are brand new to welding or you'd like to improve or expand your skills, this class is for you. You can work on the kind of welding you need- MIG, TIG, stick and gas welding. Your placement will be based on your individual skill level and experience.

**Prerequisites:** None

**Mondays - September 9 to November 18**
No class November 4
4pm-7pm
Location: Area Career Center
5727 Sohl Ave., Hammond IN
Instructor: Thomas W. Davis

**Wireless Security Cameras**

Wireless security cameras are inexpensive and easy to install and configure. There is no reason to pay a service provider $30 or more per month to rent you security cameras. Attend this hands on class and learn to select and setup your own cameras quickly. We will show you how to use your smartphone or tablet to monitor your cameras too!

**Prerequisites:** None

**Thursdays - October 10 to October 24**
8:30am-11:30am or 3pm-6pm
Location: JobLink
Instructor: Bill Needles

---

**L&O: MTE Prep**

This 14-week course will introduce students to topics related to industrial electrical maintenance and troubleshooting: AC/DC circuits and motors, print reading, analog and digital circuits, test equipment, computers, DC crane control, power distribution, PLCs, power supplies, transformers, instrumentation and hydraulics. This course is for people who want to take the Ramsay test or get a better understanding of electrical principles.

**Prerequisites:** None

**Thursdays - September 5 to December 12**
No class November 28
9am-12pm or 3:30pm-6:30pm
Location: JobLink
Instructor: Michael Vega

**L&O: MTM Prep**

This 14-week course will briefly touch on procedures such as welding, machinery, tools, hydraulics, pumps, (both hydraulic and pneumatic), piping, print reading, and more. This introductory course is for anyone who wants to improve their Ramsay score.

**Prerequisites:** None

**Tuesdays - September 10 to December 10**
9am-12pm or 3:15pm-6:15pm
Location: Leon Lynch
Instructor: Nick Nash

**Residential Wiring II**

This class will continue on with the practices of Residential Wiring I building on your knowledge base with lecture and connecting it with hands-on practice. We will also include how to make our homes more energy efficient and some smart home items. The class will have lab work where we will work on installing occupancy sensors, lighting outlets, bending conduit and working with NM cable also known as Romex.

**Prerequisites:** None

**Mondays - October 14 to December 2**
8am-11am or 3:30pm-6:30pm
Location: JobLink
Instructor: Bill Cameon
Woodworking

◆ DIY Woodshop Projects (6wks)

In this course you will learn basic skills needed to complete useful items for use around the home. You can select a project or projects you would like to make, for example, ball jar lighting, pallet signs or furniture, coat racks or shelves, even floating shelves. You could also use this time to finish other projects that you’ve started. If you are a more accomplished woodworker, so much the better! Prerequisites: None

Thursdays - September 5 to October 10
AND October 17 to November 21
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Nick Nash

◆ River Tables (15wks)

Build a beautiful river table! (See the picture) We will be working with live edge wood, (bark included) building frames to hold your table, so you can pour layers of epoxy resin to create the river effect. We have a large assortment of tints, from aqua to copper, with metal flake...endless choices. Then you send your table through our 36” drum sander so it is perfectly flat. Once you finish it, get ready for the compliments! Prerequisites: None

Tuesdays - August 20 to December 10
No Class: September 2 December 2
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

◆ Repair and Refinish Outdoor Furniture (7wks)

In this class, we will be refinishing your outdoor furniture so it lasts many more seasons. Give new life to your patio furniture, and learn how to refinish your deck less often! Preparations include using paint removers and sanding to achieve a strong mechanical bond to the wood; staining, for the look of your choice, then applying coatings that are strong, UV resistant, and weather resistant. Bring in a couple of your own pieces to repair and refinish! Prerequisites: None

Mondays - September 9 to October 21
9am-12pm or 3pm-6pm
Location: Joblink
Instructor: Dale Meiners

◆ Open Lab (15wks)

Open Lab is a chance to finish a project from a previous class, or to use Joblink’s woodshop for a project not listed in the catalog. Our woodshop is state of the art. We have every tool you will need, with dust collection throughout. This is a great environment to create your masterpiece! Prerequisites: None

Wednesdays - August 21 to November 27
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners
Active steelworker registration begins **Monday, July 15th!**

**JOBLINK offers tutoring!**

If you need a little extra help:
- To prepare for a test
- To write a paper or essay
- To understand your schoolwork better

Call 399-8134 to find out how we can help you. We are here ...

To help you reach your learning goals.

---

**Applying for FAFSA** (1wk)

If you have a child in college or planning to go next year, you need to fill in a FAFSA application. This can be a confusing process, so register for this class to have a professional guide you through it. Plus get it done in October to give your student an advantage in securing financial aid. Save yourself time and headaches! **Prerequisites: Bring in your FAFSA ID**

Monday - October 7
10am-12pm or 3:30pm-5:30pm
Location: JobLink
Instructor: Tavetta Patterson

---

**Show Me the Money: College Scholarships** (2wks)

This course guides participants in the process of finding scholarships to pay for college. Learn from a professional who has helped children and their parents secure scholarships since 1998. Participants will be guided step by step through the process of completing scholarship applications and scholarship interviews. **Prerequisites: None**

Mondays - September 23 to September 30
10am-12pm or 3:30pm-5:30pm
Location: JobLink
Instructor: Tavetta Patterson

---

**Grant Writing** (2wks)

Grant writing can help people access funds to make dreams for the community come true. This course gives participants the opportunity to complete a final draft of a grant application. Participants will learn how to identify grant categories and where to find grants. The course includes step-by-step guidance to simplify reading grant applications and writing to secure grants. The course also includes preparing for the grant interview process. Get the funding you need! **Prerequisites: None**

Wednesdays and Thursdays - Nov 6 to Nov 14
10am-12pm or 3:30pm-5:30pm
Location: JobLink
Instructor: Tavetta Patterson

---

**Veteran’s Benefits** (1wk)

Are you a veteran? Are you clear about your benefits? In this workshop, given by a Veterans Outreach Program Specialist, you will learn the what and the how of your benefits. Learn the VA terminology when dealing with a claim and how to prepare to submit one. You will learn about what forms and documents you will need to support your claims. A part of the workshop will be a Q and A, so come prepared with your questions. Your spouse is encouraged to attend, too! **Prerequisites: None**

Wednesday - October 16
10am-11:30am or 3:30pm-5pm
Location: JobLink
Instructor: Kevin Houcek

---

**JobLink Book Club** (1wk)

Join us for an enriching experience - read and discuss high interest books. This is not just for avid readers, but also for those who just need a little push to read a book. Our discussions are always lively, fun and informative! **Prerequisites: None**

Thursday - August 22
3:30pm-5pm
Location: JobLink
Instructor: Marcia L. Taylor
Accumulating Wealth & Generating Income (3wks)

Here’s a sampling of what you learn in this class:
• Fully understand the investment options in your 401K brokerage link
• Be able to identify which corporations have increased dividends for the last 25 years
• How Master Limited Partnerships work. These are terrific income generators making as much as 12% dividends!
• What days of the month outperform the market with our DOME method
• Understand automotive stocks seasonal pattern and how to identify price targets
Plus, you will learn about wise retirement choices, how to maximize your Social Security, when and how to withdraw from your nest egg and options and tax treatments available to your heirs. Make your money work for you! Spouses are encouraged to attend. Prerequisites: None

Wednesdays and Thursdays - September 11 to September 26
11:30am - 2:30pm or 3:30pm-6:30pm
Location: JobLink
Instructor: Trish Nelson

L&O: Business Planning I: Introduction to Developing a Business Plan (8wks)

This introductory course in developing a business plan requires no previous knowledge of the business planning process. This course will provide you with the ability to learn what is involved in developing a plan for a successful small business. You will learn about an operational plan, a management plan, a personnel plan, and finally a marketing and financial plan. Spouses may attend at no charge. Planning is the key to any business venture! Prerequisites: None

Thursdays - October 24 to December 19
No class November 28
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

Create Your Own Will (1wk)

Do you have a will? Have you been putting it off because you don’t want to hire an attorney and you really don’t want to think about it? Well, now is the time because it is so easy. Come to this class and learn the different packages available to use and begin creating yours today! Don’t let the court decide the outcome of your estate! Don’t delay the distribution of your assets to your loved ones! Take just a few minutes to write your Last Will and Testament today (CEI is not offering any legal advice in this class, we are showing you how to use pre-designed software to create a will.) Prerequisites: None

Monday - October 21
10am-12:30pm or 3pm-5:30pm
Location: JobLink
Instructor: Maureen Horrell from CEI

Business Forum (1wk)

The purpose of the small business forum and review sessions are to address members’ general small business questions without committing to a class. The session will help determine where you are in the business planning process and assist you in getting focused on your business plan. These sessions will also assist anyone who is considering starting a small business. This is a FREE CLASS !! Prerequisites: None

Monday - September 30
Wednesdays - Oct 16, Nov 6, Dec 11
8am-10:30am or 4pm-6:30pm
Location: Leon Lynch
Instructor: Scott Williams

REGISTRATION BEGINS MONDAY JULY 15 NEW!
L&O: How to Start and Run a Small Business
(8wks)

Planning before starting is an important step toward operating a successful business. Many students have said to me that they wish they would have taken this course before starting a business. This introductory course teaches the basics of starting any type of small business. The course will focus on licenses/permits, taxation, deductible expenses, insurance, record keeping and legal issues. After you have taken this course, you will clearly understand what is required in starting a small business. Spouses are welcomed to attend at no charge.
Prerequisites: None

Thursdays - September 12 to October 17
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

◆ Social Security: Know Your Benefits (1wk)

Get a crash course in Social Security 101. Learn about retirement, disability, Medicare benefits and more. Find out the easiest way to get a replacement Social Security or Medicare card. It is never too early to know about your Social Security benefits. If you really want to get the most out of this learning experience, create a Social Security account at ssa.gov and bring your questions about our programs with you to the meeting. This is a great class for couples to help plan for the future.
Prerequisites: None

Tuesday - September 10
10am-12pm or 3:30pm-5:30pm
Location: JobLink
Instructor: Daniel Summer

◆ L&O: Taking Stock In Your Life and Finances (6wks)

In this course students will gain confidence and understanding of the markets and how they may affect their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Students will also learn how to build strong lists of stock and mutual funds. Prerequisites: Computer available for viewing classes, in the comfort of the student home, if desired. Each student once registered for class by Joblink, shall submit their emails to tomcook1124@gmail.com, in order to be admitted into each live class session.

Tuesdays - August 20 to September 24
10am-12pm or 4pm-6pm
Location: JobLink
Instructor: William Thomas Cook II

Policy: Dropping a Class

Students requesting to withdraw from a class, must notify their career development center at least two business days prior to the start of class. Notifications can be done by email or by phone, but phone messages are not accepted. Your account will be charged for the cost of the class, if notification isn’t received at least two business days in advance.
Learn new skills!

Make something cool

Be creative

Get a degree, license or certificate!

Your benefit includes $2,000 for customized classes (those in the catalog) + $2,500 for tuition assistance.
Bushel Full of Fall  (1wk)
Cooler temperatures and shorter light days change the fall landscape. We will learn about these plants and Lee Ann will lead you step by step in putting together a fall garden in a bushel basket to enjoy during this colorful time of year. Prerequisites: None

Wednesday - September 25
9:30am-11am or 3:15pm-4:45pm

1516 North Main St
Crown Point, IN

**Instructor**: John Brant

### Improve Your Health with Lifestyle Intervention

Join others who have been transformed by losing weight, resolved health symptoms, reduced the strength or need for prescription medications, and stopped sugar/carb cravings. This unique program, which is not available anywhere else in the country, gives you the tools to finally restore your health. Based on the state-of-the-art functional medicine model used at Cleveland Clinic, this 12-week holistic program gets to root cause of chronic disease and begins to reverse disease rather than manage it. This class meets every other week at JobLink. Three weeks in between are for online work. **Prerequisites: None**

**Wednesdays - September 18 to December 4**
10:30am-11:30am or 3:30pm-4:30pm

**Location**: JobLink

**Instructor**: Pamela Johnson

---

Chicago Style Stepping, (also known as Steppin') is an urban dance that originated in Chicago and continues to evolve while defining its unique style and culture within the context of mainstream dances similar to urban ballroom. This course will introduce an eight-count Steppin' design for all ages. Line Dancing is a form of dance that takes place were participants line up in rows and execute steps at the same time. This 10-week course is for beginners and intermediate searching for exercise and a fun-filled social dance experience. No dance partner is required for this class. **Prerequisites: None**

**Mondays - August 19 to October 28**
No Class: September 2
9am-11am or 3:30pm-5:30pm

**Location**: JobLink

**Instructor**: Antonio Stidman

---

**Join us Thursday 10/10!**

Yoga Basics (15wks)

Make the choice to unwind from a long shift and move forward leaving your work day behind. Experience how you feel throughout your week by adding just one hour of peace and relaxation. Your body will thank you when you notice the relief of back and joint pain, muscle strain and tightness, and an overall improvement of fatigue both physically and emotionally. BEGINNERS WELCOME. Prerequisites: None

Wednesdays - August 28 to December 11
No Class: November 27
10am-11am or 3:30pm-4:30pm
Location: JobLink
Instructor: David Potesta

Yoga Gentle Seated (15wks)

Learn yoga poses in a whole new way. Kinder and gentler modifications for those aching knees, sore backs, and stiff muscles. This is a great class for beginners and also for anyone who is not comfortable getting up and down off the floor like in a traditional yoga class. Breath, relax, and most importantly have FUN! Prerequisites: None

Fridays - August 30 to December 13
No Class: November 29
10am-11am or 3:30pm-4:30pm
Location: JobLink
Instructor: David Potesta

Inclement Weather Policy: JobLink

When the weather gets so bad that you wonder whether we will close or not, it’s easy to find that out. A closure message will be posted by 7:45am.

- Call our office at (219) 399-8136/8135
- Listen to WJOB 1230 AM
- Visit our Facebook page, Facebook.com/BKJobLink

For everyone’s safety, we recommend you call us first before venturing out in bad weather.
◆ 3D Printing is a Snap  
(4wks)
Making your own 3D printed objects is easy. We will teach you exactly how to model a 3D object using free Internet based CAD tools, with no prior experience necessary. Additionally, you’ll learn how to convert a sketch into a 3D model. Then you can take your design and create your custom 3D object on one of our 3D printers in the classroom, for free! Come participate in the future.
Prerequisites: None

Wednesdays - October 30 to November 20
9am-1pm or 3pm-7pm
Location: JobLink
Instructor: Bill Needles

◆ Build Your Own Computer  
(5wks)
Hand building a computer helps teach the fundamentals of how a computer works. And because you built it, you will be better prepared to maintain your new computer. You will work with your instructor to select each component based on your specifications of performance, capacity and budget. You can build a system for media editing, music, gaming, home theater, Internet surfing or whatever! Build the system of your dreams. Just ask one of the 250+ steelworkers who have already built theirs. Why not build yours this time? (Students will receive a $50 allowance towards parts purchases.)
Prerequisites: None

Mondays - October 14 to November 11
9am-1pm or 3:15pm-7:15pm
Location: JobLink
Instructor: Bill Needles

◆ All About Laptops  
(5wks)
Learn to diagnose, troubleshoot, repair and upgrade laptops. These special computers require different techniques than desktop computers to be successfully repaired. You will fix broken screens, bad drives, dead batteries, etc. We can help you upgrade to Windows 10, too. Also covered will be the techniques used by manufacturers to design and construct a modern laptop. 100% hands-on lab work! Students do not need a laptop to take this course. A great class for anyone who owns a laptop or is in the market for a new one.
Prerequisites: None

Thursdays - November 7 to December 12
No class November 28
9am-1pm or 3pm-7pm
Location: JobLink
Instructor: Bill Needles

◆ Fix It!  
(5wks)
Save money and solve problems! Discover the steps needed to diagnose any electronics problem and then make the repairs yourself. Bring your computer, cell phone, TV or other gadgets to class and learn the art of troubleshooting and repairing devices. We will talk in plain language about hardware, software, bugs, viruses, updates and other issues that can drive most users nutty. And we’ll take care of common problems such as broken screens. We’ve got it covered. Take this class instead of spending too much at a repair shop!
Prerequisites: None

Mondays - September 9 to October 7
9am-1pm or 3:15pm-7:15pm
Location: JobLink
Instructor: Bill Needles

◆ Home Automation - Hands On  
(4wks)
Alexa, nest, ring security doorbells and Google Home are just some of the biggest names out there in personal assistants and home automation devices. We will examine the pros and the cons of these products, so you can feel confident about purchasing and using them and we will have samples of all the major brands for you to try out in class. Also covered will be Internet programmable thermostats like ecobee and nest.
Prerequisites: None

Mondays - November 18 to December 9
9am-12pm or 3:15pm-6:15pm
Location: JobLink
Instructor: Bill Needles
◆ **Laser Engraving** (5wks)

Bring your wood, plastic, leather and glass items to this class and learn to laser engrave them with your own custom design, logo or text. Tools, jewelry items, keepsakes and more are all candidates to be laser marked or engraved. What a fun way to learn about laser engraving and benefit from it all at the same time. JobLink has the equipment for you to learn on and use. Visit bkjoblink.org/laser to see samples. **Prerequisites:** None

**Tuesdays - September 10 to October 8**
9am-12pm or 3:15pm-6:15pm
**Location:** JobLink
**Instructor:** Bill Needles

◆ **Movie Converting and Editing** (7wks)

You can now use free software and inexpensive hardware to convert your old film-based 8mm, 16mm and VHS tapes to portable digital formats and create all new personal movies for safekeeping and sharing. Magnetic tapes only last a few years and the clock is ticking. You will convert your existing movies and learn how to use FREE software to edit and create stunning new movies of your family collections. It is really simple to do and plenty of fun. Protect and share your memories by converting those old movies today. **Prerequisites:** None

**Wednesdays - September 11 to October 23**
9am-12pm or 3pm-6pm
**Location:** JobLink
**Instructor:** Bill Needles

◆ **Robots for Beginners** (5wks)

WOW! Join us and build your own remote controlled robot in a few easy steps. Everyone can do this. The workings of most robots are really simple. We will learn about the controls and techniques needed and then build an obstacle avoiding wheeled robot in class. **Prerequisites:** None

**Tuesdays - November 5 to December 3**
9am-12pm or 3pm-6pm
**Location:** JobLink
**Instructor:** Bill Needles

◆ **Using Cloud Storage** (3wks)

Cloud storage allows users to store their data (pictures, documents, movies, etc.) on Internet based servers and retrieve it anywhere there is an Internet connection. Cloud services are cheap and reliable! We will cover the big providers: Google Drive, Microsoft OneDrive, Dropbox and Apple iCloud. Bring your mobile devices, laptops or desktops to class and get expert setup assistance, too. **Prerequisites:** None

**Tuesdays - October 15 to October 29**
9am-12pm or 3pm-6pm
**Location:** JobLink
**Instructor:** Bill Needles

◆ **Look for the Diamond◆**

If space is available, any class with a diamond (♦) next to the title is a class open to **spouses of active Local 1010 and 1011 and retired Local 1010 and 1011 steelworkers.** Classes without a diamond next to them, are for **active steelworkers only.**
Amazon Fire Stick with Kodi  
(3wks)

Fire TV Stick connects your HDTV to a world of online entertainment. You get a huge selection of movies and TV episodes, and voice search capabilities. In this class, we will learn how to install the KODI app on the Fire Stick to gain access to thousands more streaming selections. The student cost for class is $30. **This must be paid by the student at the first class, if you wish to have a Fire Stick to take home with you - no exceptions.** Amazon Fire Sticks will be provided in classroom for those who do not wish to purchase a system. **Prerequisites: None**

**Wednesdays - September 11 to September 25**
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

Cut the Cable! Build A Digital TV Antenna!  
(1wk)

Cable bills busting the budget? You may be missing out on free TV. Using scrap wire with stock lumber, build a slick homemade antenna and stay tuned. We have been able to catch over 30 channels with an antenna you can build in class. Come and build your own digital TV antenna and see what you are able to watch on TV for free. **Prerequisites: None**

**Wednesday - August 28**
8:30am-10:30am or 7pm-9pm
Location: Leon Lynch
Instructor: George Zahariadis

Microsoft Excel 2016 Introduction  
(4wks)

This class introduces the skills necessary for productive development of workbooks. It includes tasks to explore Excel, create formulas, copy and move data, and print worksheets. The student will also learn how to work with ranges and use the Office assistant, basic workbook skills, and page setup. It includes tasks to format numbers, text, and cells. This class covers basic skills needed to prepare worksheets for publication. **Prerequisites: None**

**Tuesdays - October 29 to November 19**
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

L&O: Office 365 in a Day  
(1wk)

Microsoft Office 365 combined with OneDrive is a great value for most. In just one class we can get you up and running on the industry standard platform for document, spreadsheets, presentations and cloud storage. Works on all computers and mobile devices, too! **Prerequisites: None**

**Wednesday - December 4**
9am-11:30am or 3pm-5:30pm
Location: Leon Lynch
Instructor: Bill Needles

Raspberry Pi with Raspbian and KODI  
(3wks)

This class will cover the latest Raspberry Pi Model . The Raspberry Pi is a low cost, credit-card sized computer that plugs into a computer monitor or TV and uses a standard keyboard and mouse. It’s capable of doing everything you’d expect a desktop computer to do, from browsing the Internet and playing high-definition video, to making spreadsheets, word-processing, and playing games. This class also covers the LibreElec OS enabling you to run the popular KODI media streaming software and showing you how to stream movies, music, TV, and pictures. **Prerequisites: None**

**Wednesdays - October 9 to October 23**
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

Setup HD Video Recorder and Record TV for Free  
(1wk)

You will learn to setup a DVR converter box and record over-the-air antenna stations onto a USB stick. You will be able to record your favorite over-the-air TV shows, Schedule series recordings in advance and view recordings while skipping commercials just like a normal DVR for free. No Internet connection needed-just plug box onto antenna and TV and setup recordings by viewing an over-the-air TV guide and view whenever your ready. Recordings are stored on USB memory stick and allows you to even watch on computer/laptop. You can purchase the DVR converter box for $20 in class. **Prerequisites: None**

**Wednesday - September 4**
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis
Sublimation Printing

Sublimation printing is the method of applying an image and sayings to specially coated hard surface items such as ceramics, metals, fiber board and polyester cloth, using three main ingredients: sublimation ink, heat and pressure. In this class you will learn to use software to prepare your photo for the sublimation process and to use the special equipment required for the sublimation coating process. Come to class and bring your picture and/or phrase and choose an item such as a mug, t-shirt, a frame, box, or keychain and use the equipment to sublimate and take or give as a gift or memento.

Prerequisites: None

Tuesdays - September 10 to September 24
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

♦ Technical Open Labs

We have open labs available for you. Bring your computer or laptop to lab so we can help you with repairs or upgrades, back up your data or check your computer/laptop for viruses. If you have any Firestick, Raspberry Pi, Android TV box, alarm system, security camera, cell phone or tablet questions or repairs, if you have questions about a class you have recently taken, or need help on any software, this will be your opportunity to come talk to George, our instructor. Prerequisites: None

Thursdays - Aug 29, Sep 5, Oct 10, Nov 21, Dec 5
8am-10:30am or 6:30pm-9pm
Location: Leon Lynch
Instructor: George Zahariadis

Use a VPN Service and Protect Your Internet Privacy

In this class you will learn how to setup a VPN on your devices and to make your IP address disappear, keep your data away from third parties, and get around censorship and regional restrictions. You will be given a one-month trial VPN service to install on multiple devices and learn which service is best for you and where to purchase service from. It’s about time you protect your identity and make it impossible for your ISP, government, hackers, or any other third party from seeing what you are searching, streaming or downloading. Prerequisites: None

Wednesday - October 2
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

Vinyl Cutting

In this class we will learn how to computer-design vector files with graphics, patterns and letters and use a vinyl cutter to directly cut on vinyl. We will be making t-shirts, mugs, signs, banners, advertisements for automobiles and vans, wall and apparel decorations. Come to class and bring your picture and/or phrase and choose an item such as a mug, t-shirt, a frame, box, or keychain and use the equipment to sublimate and take or give as a gift or memento. This class along with the sublimation class can become a great part-time or full-time advertising business. Prerequisites: None

Tuesdays - October 1 to October 22
No Class: October 8
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

If space is available, any class with a diamond (♦) next to the title is a class open to spouses of active Local 1010 and 1011 and retired Local 1010 and 1011 steelworkers. Classes without a diamond next to them, are for active steelworkers only.
**Business Planning I: Introduction to Developing a Business Plan**

This course will provide you with the ability to learn what is involved in developing a plan for a successful small business. You will learn about an operational plan, a management plan, a personnel plan, and finally a marketing and financial plan.

** Thursdays - October 24 to December 19  
  No class 11/28  
  8am-10am or 4pm-6pm or 6pm-8pm  
  Location: Leon Lynch  
  Instructor: Scott Williams **

**Guitar for Everyone**

Guitar for Everyone is designed to teach beginner, intermediate and advanced guitar students to develop, improve and enjoy their progress as guitar players. Our weekly video will be divided into sections addressing all levels of guitar playing.

** Mondays - August 19 to November 11  
  No class 9/2  
  11am-12pm or 2-3pm or 3-4pm  
  Location: JobLink  
  Instructor: Eric Lambert **

**How to Start and Run a Small Business**

This introductory course teaches the basics of starting any type of small business. The course will focus on licenses/permits, taxation, deductible expenses, insurance, record keeping and legal issues.

** Thursdays - September 12 to October 17  
  8-10am or 4-6 pm or 6pm-8pm  
  Location: Leon Lynch  
  Instructor: Scott Williams **

**MTE Prep**

This 14-week course will introduce students to topics related to industrial electrical maintenance and troubleshooting. AC/DC circuits and motors, print reading, analog and digital circuits, test equipment, computers, DC crane control, power distribution, and more. This course is for people who want to take the Ramsay test, or get a better understanding of MTE principals.

** Thursdays - October 5 to December 12  
  No Class 11/28  
  9am-12pm or 3:30pm-6:30pm  
  Location: JobLink  
  Instructor: Michael Vega **

**MTM Prep**

This 14-week course will briefly touch on procedures such as welding, machinery, tools, hydraulics, pumps, (both hydraulic and pneumatic), piping, print reading, and more. **Prerequisites: None**

** Tuesdays - October 10 to December 10  
  9am-12pm or 3:15pm-6:15pm  
  Location: Leon Lynch  
  Instructor: Nick Nash **

◆ **Taking Stock in Your Life & Finances**

The intention of this course is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from news heard and seen daily. **Prerequisites: None although each student should submit their email address to tomcook1124@gmail.com in order to be admitted into each live class session.**

** Tuesdays - August 20 to September 24  
  10am-12pm or 4pm-6pm  
  Location: Online/JobLink  
  Instructor: William Thomas Cook II **

◆ **Office 365 in a Day**

Microsoft Office 365 combined with OneDrive is a great value for most. In just one class we can get you up and running on the industry standard platform for document, spreadsheets, presentations and cloud storage. Works on all computers and mobile devices too! **Prerequisites: None**

**Wednesday - December 4  
  9am-11:30am or 3pm-5:30pm  
  Location: Leon Lynch  
  Instructor: Bill Needles **

What are Live and Online classes?

They are classes you can attend in person—live! But they are also recorded so you can watch them later—online! Go to careerdevelopmentchannel.org to see a sample of classes!
Canvas Wrapping
(2wks)

I am sure you have all seen the beautiful canvas wrapped pictures. Now you can make your own. Bring in your photos and we will create two beautiful canvas masterpieces! If students wishes to make additional canvas they will be charged for the cost.

Tuesdays - Oct 1 to Oct 8
OR Mondays - Dec 2 to Dec 9
12pm or 4pm
Location: USS/Midwest  Instructor: Chris Turner

Epoxy Counter Tops
(5wks)

In this class students will learn the proper procedures and techniques to create Epoxy countertops. Each student will create their own small project using techniques to make it look like marble, granite or stone. Students will put their own creative twist into their project to make it one of a kind.

Mondays - September 16 to October 14
8am OR 4pm
Location: USS/Midwest  Instructor: Jim Balina

Build Your Own Outdoor Cart
(6wks)

Come to class and build a versatile backyard addition for your outdoor entertaining. You will have the opportunity to build one of the four optional types of carts. BBQ Cart $65, Cooler cart $65, Fridge cart $65, or Sink cart $80. Student fee must be paid at first class.

Mondays - Aug 5 to Sep 9
8am or 4pm
Location: USS/USW Local1066  Instructor: Jim Balina

Paint and Print Christmas Cards
(2wks)

In class on week one you will paint a picture with Kim Riley. This picture will be the cover for your Christmas card. In class on week 2 you will scan in that painted picture and create your own customized Christmas cards! This class is always a HUGE success so make sure to sign up early!

Mondays - Nov 11 to 18
8am or 1pm
Location: USS Midwest  Instructor: Kim Riley
Register online at bkjoblink.org

Call our office Mondays through Thursdays between 8:30am to 4:30pm at (219) 399-8135/8136.

Stop by our office Mondays through Thursdays between 8:30am to 4:30pm or Fridays between 8:00am to 4:00pm.

Please Note: Classes are filled on a first-come, first-served basis. Registration begins at 8:30 am. Registration for off-site and T.A.P. classes can only be accepted in-person.

Out of your $2,000 a year customized course allowance, you can only use $1,250 per year on restricted personal development classes.

Each participant is limited to $2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. $2,500 in tuition assistance.

Issuance 14
Students who have an educational and career goal in mind and need more than $2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to $4,500 yearly.

Issuance 15
The ICD policy “Issuance 15” allows retirees access to tuition assistance if: That retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year’s tuition assistance budget.
Mission Statement
The Leon Lynch Learning Center career development program is established to prepare the Steelworker for opportunities outside the employment of the steel mill and making them a more rounded individual.

Office Hours
Mon through Fri
8:00am to 4:00pm

Leon Lynch's Local Joint Committee
Mariano “Chief” Flores, USW Local 1011 Co-Chair
Roger Hughes, ArcelorMittal Company Rep.
Larry Smith, Coordinator
Sharon Perkins, Local 1011
Shaun Sanchez, ArcelorMittal

Restricted Classes
Out of your $2,000 a year customized course allowance, you can only use $1,250 per year on restricted personal development classes.

Customized Courses
Each participant is limited to $2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program
The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay $1,800 in tuition assistance.

Issuance 14
 Students who have an educational and career goal in mind and need more than $1,800 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to $3,800 yearly.

Issuance 15
The ICD policy “Issuance 15” allows retirees access to tuition assistance if: That retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year’s tuition assistance budget.

Look for the ♦
If space is available, any class with a diamond (♦) next to the title is a class that Local 1011 and 1010 spouses and retirees are eligible to take. Classes without a diamond (♦) next to it are for active steelworkers only!

* For most classes, you can register right up to the day before the class begins. But to be sure there’s space in a class for you, REGISTER EARLY!
Join us Thursday 10/10! 11am to 4pm

Open House and Raffle Day at JobLink

We are raffling solid maple bar stools and table, plus auctioning student made stained glass pieces.

All the proceeds go to the Tino Fulimeni Scholarship Program – for steelworkers’ children and grandchildren.
