ICD Programs are offered to active USW employees only

Pre-Learner Maintenance Training Program*

(online)

As per the Labor Agreement, this standardized training offers employees the opportunity to acquire the necessary skills and knowledge to potentially test at a higher level in order to enter the U.S. Steel Maintenance Technician Learner program. This program is self-paced through access to online Mechanical, Electrical, or Systems Repair topics correlating to the competencies required for Maintenance Technician.

All class work can be completed online at the student's convenience. Any student who does not have access to a computer should contact the ICD Program Coordinator to make arrangements to use the ICD's computers.

Pre-Learner Entrance Requirements

- ◆ Be an active non-maintenance Steelworker
- ◆ Register with the ICD Program Coordinator by calling 412-460-0390
- ◆ Have a valid email address
- ◆ Take classes on their own time

*Completion of the online training does not guarantee qualification for a Maintenance Technician position or entry into the Learner Program. All additional requirements to become a Maintenance Technician or Learner must still be met.

Commercial Truck Driver (CDL) Training – Class A and B

Active USW employees only

All-State Career School (West Mifflin, PA) offers customized training in tractor trailer driving toward obtaining a D=CDL license as a Class A or B operator. Finance

Invest in Your Debt: Mortgage, Credit Cards, Student Loans & Smart Spending Guidance – Linda Banks Testa

Active USW employees only

In three hours, based on the same income you are earning today, you can fully learn to take control and eliminate your debts quickly. The concepts apply easily whether you are earning \$30,000 or \$300,000.

In this three-hour workshop you will use your own debts and calculators to see how to shave decades off your mortgage and credit cards, and develop a wisely focused plan of reducing student-loan debt.

Lending institutions have camouflaged agendas that leave you feeling empty-handed at the end of the month. There are industry secrets that are kept from you and options of which you should be aware.

This workshop opens the pathway to reverse the convoluted burden of compound interest. Its simple math renews hope for days when you will have extra cash in your pocket and your accounts. Doing nothing will damage your financial future for many years to come. Bring your personal debts and calculators.

Spouse attend free and skeptics are welcome! Invest in Your Debt and Spend Smart textbooks are included.

Insurance 101: Protecting Your Home, Auto and Life – Steve Kreis

Many times, consumers don't understand their insurance until they need it and too often that is too late! Insurance can cost thousands of dollars a year in premiums, but it can cost even more if you don't have the right coverage.

If you've ever wondered...

Home – what's the replacement value of my home and why is that different from what the realtor says it's worth?

Auto – what does tort mean? What are first party benefits? Am I over-insured or under-insured?

Life – if I have life insurance at work, do I need my own?

...then this interactive discussion is for you!
