Hello from the Mon Valley ICD.

I am Donna Permigiani, the ICD Program Coordinator. I have been with the ICD for three years, and enjoy working with the USW members, union representatives, ICD staff and our educational partners.

Steelworkers drive the ICD—it is your benefit and your program.

Whether you want to take a custom course offered in our Mon Valley location or at one of the union locals; or enroll in a college or trade school course using your \$2,500 in tuition assistance—the ICD is here to provide you the opportunity to use your benefit as you like.

I am excited about the upcoming fall classes. We have some popular classes returning – Upholstery, Small Engine Repair, Social Security for Boomers, Guitar, and Invest in Your Debt.

We also have some new classes – Tobacco Cessation, Financial Fitness Workshops, the Bucket Plan, Leather Wallet, and a few new classes offered through our educational partner, Westmoreland County Community College.

One of the benefits of being the Program Coordinator is being a student myself. I have participated in many classes over the past three years, and it provided the opportunity to fully understand the ICD and its commitment to its USW members, and also provided the opportunity for me to meet so many of our members.

As we try to return to normal in a not-so-normal time, please know that the Mon Valley ICD will have COVID protocols in place to keep our members safe – social distancing, hand sanitizer in all classrooms, and daily cleaning and disinfecting of all high-touch surfaces in common areas and classrooms.

I look forward to the beginning of the upcoming schedule of classes, meeting some old friends and, hopefully, meeting new ones, and learning along with you. I also look forward to being your ICD Program Coordinator and serving our members in the future. Remember, learning is your benefit for life!

Donna

Financial Fitness Workshops

Attend these workshops to learn about financial planning, and to create a solid foundation for your financial future.

Invest in Your Debt

In three hours, based on the same income you are earning today, you can fully learn to take control and eliminate your debts quickly. The concepts apply easily whether you are earning \$30,000 or \$300,000.

In this three-hour workshop you will use your own debts and calculators to see how to shave decades off your mortgage and credit cards, and develop a wisely focused plan of reducing student-loan debt.

Lending institutions have camouflaged agendas that leave you feeling empty-handed at the end of the month. There are industry secrets that are kept from you and options of which you should be aware.

This workshop opens the pathway to reverse the convoluted burden of compound interest. Its simple math renews hope for days when you will have extra cash in your pocket and your accounts. Doing nothing will damage your financial future for many years to come. Bring your personal debts and calculators.

Spouse attend free and skeptics are welcome! Invest in Your Debt and Spend Smart textbooks are included.

Mon Valley ICD

Thursday, 10/14/21

8:30 to 11:30 am, 4:00 to 7:00 pm

Linda Banks Testa

NEW First-Time Notary Seminar

This seminar is an overview of notary procedure and law in Pennsylvania. It will help notaries protect themselves from common mistakes that leave them open to litigation or fines. It focuses on tips for proper notarization, problem documents and includes a RULONA (Revised Uniform Law on Notary Acts) exam prep.

Mon Valley ICD

Friday, 9/10/21

9:00 am to 4:00 pm

PA Association of Notaries

“With the CDL that I’ve gotten through the ICD, I am setting up my retirement business—working for myself.”

—Bo Waddell, USW Local 1557, Clairton

“I urge anyone interested in knife making to sign up for the basic knife making class to get your feet wet. I was interested in knife making as a hobby and this was the best move I’ve made. Hopefully one day in the future it will become a small business. So if you’ve watched it on tv and think “I can do that” sign up and start learning for real. I can’t say enough about Takach Forge and the classes offered by the ICD. I have taken three classes so far and have benefited greatly.”

– Rick Delpercio, USW Local 1557, Clairton

NEW Design Sketching Using Autodesk Revit

If you could design your dream building, what would it look like? Start with a basic sketch and finish your design using Autodesk Revit. Unleash your creativity and see your design turn into a 3-D model. This class is for entertainment purposes only.

WCCC–ATC

Mondays, 9/27/21 to 11/15/21

5:00 to 8:00 pm

8 sessions

Douglas Gengler

Manufacturing Jumpstart

Companies need to be able to locate high-quality talent to fill vacant positions. Increase your employability by participating in this 100% online fast-track, short term program that offers training in workplace skills and techniques most relevant in today’s industrial environment.

Online, self-paced

10/4/21 to 10/29/21

Residential Lighting and Electrical Basics

Electricity is a powerful energy course and electrical safety is the overriding theme to understanding your home’s internal wiring and the operation of your lighting and electrical appliances. Learn how to diagnose and repair common electrical problems and most importantly, know when to call a professional.

WCCC–ATC

Tuesdays, 10/5/21 to 10/19/21

5:00 to 9:00 pm

3 sessions

Joe Myers

Essentials of Workplace Safety

Safety is no accident! Throughout this online course, you will be introduced to what workplace safety is and why it is important. You will also learn about specific topics that affect all workers such as hazardous communication, lockout/tagout, and personal protective equipment.

Online, self-paced

11/1/21 to 11/30/21

NEW Heartsaver Total

This comprehensive curriculum is designed to meet licensing requirements for OSHA and other regulatory agencies. Heartsaver Total provides students the highest quality training in the lifesaving skills of first aid/CPR and use of an AED on adults.

WCCC–ATC

Friday, 9/24/21

Friday, 11/12/21

8:30 am to 12:00 pm

WCCC–ATC

Friday, 12/10/21

8:30 am to 12:00 pm

All classes are taught by Andrew Takach. Lunch will be provided at all classes. All Safety and PPE will be provided.

On the popular TV show, Forged in Fire, Andrew Takach competed and won with his Shamshir sword. Photos of his work have been published in books and magazines, including Knives Annual, Knife World, and Blade magazine.

Bladesmithing

In this one-day class, you will get the chance to use a vintage piece of equipment from the booming steel age in this area. A 100# Bradley power hammer, as well as a hand built 25-ton hydraulic press, and good old-fashioned elbow grease with hammer and anvil – all to create and finish a hand-forged blade with your own two hands.

You will also walk away with basic forging knowledge that you can take back to your own shop and continue to use.

Takach Forge

Saturday, 10/2/21

8:00 am to 4:00 pm

Andrew Takach

NEW Blacksmith/Patch Knife

A very beginner level forging project. Students will hand forge a small patch knife, sometimes referred to as a “blacksmith knife.” There are endless possibilities of when it comes to making these knives. It is a fun little project. Students will also do dimple grinding, and learn some basic heat treating.

Takach Forge

Saturday, 10/16/21

8:00 am to 4:00 pm

Andrew Takach

“My longtime friend and I have certainly enjoyed the classes for small engine repair. This gives us an opportunity to always learn something. You are never too old to learn. Thank you so much for having these classes.” –Wayne

Small Engine Repair

One of the Mon Valley’s most popular classes! Starting with the basics, learn the how’s and why’s of small gas engines, 2 and 4 cycle engines, and air-cooled overhead valve small engines. During the hands-on portion, you will be able to bring in your own equipment, troubleshoot and repair it to your satisfaction. The instructor will oversee and guide you in your work. Repairs can consist of anything from minor tune-ups to complete overhauls.

Irvin Local 2227

Wednesdays, 9/8/21 to 11/10/21

4:30 to 7:30 pm

10 sessions

Pete Kurka

NEW Digital Photography for All: A guide to better pictures with ANY camera

Have you ever looked at a picture and said, “Wow!”? This course will help you start making your own WOW photos using whatever camera or mobile device you own. We will go over the best settings to use, composition and framing, and capturing the right moment. There will also be a discussion of software you can use to enhance your final images. As a hands-on workshop, be prepared for class assignments.

Mon Valley ICD

Mondays, 9/20/21 to 10/4/21

4:00 to 7:00 pm

3 sessions

Terry Clark

NEW Photoshop

It’s a name we’ve likely heard at some point. But what exactly are all the different things Photoshop can do and why is it relevant? In this class, learn more about what it is, how to work in the program, and why it pertains to what we see on a daily basis. Learn the ins and outs of Adobe Photoshop project tools to do several different kinds of sample projects.

Learn how to fix annoying “blemishes” in photos, and better understand the program to utilize it to the max in your fun and creative endeavors.

Mon Valley ICD

Tuesdays, 10/19/21 to 11/2/21

4:00 to 6:00 pm

3 sessions

Joe Gardonis

Handle Turning–Pizza Cutter and Bottle Stopper

This is a beginner class designed to teach the student the basics of wood turning on a lathe and to turn handles for a pizza cutter and bottle cork. In this class the student will learn about wood lathes, how to use a lathe, safety, basic tool and turning principles and finally how to turn handles. Various types of wood will be provided for the student to choose from and all tools and equipment will be provided. Students will complete a pizza cutter & bottle stopper to take home.

Irvin Local 2227

Mondays, 11/29/21 to 12/6/21

8:30 to 11:30 am, 4:00 to 7:00 pm

2 sessions

Zachary Amend

Upholstery

One of the Mon Valley’s most popular classes! Learn how to reupholster, cut fabric, tie springs, and do frame repair. Other skills covered will be hand and machine sewing, antique restoration, chair reupholstering, boat covers, tarps and more. Instructor Lou of Heinle Upholstery will identify small projects students can bring to work on; such as chair cushions, tractor seats, car and truck seats, small chairs and stools. Students are responsible for all fabric and supplies necessary for their projects, which can be purchased through the instructor.

Mon Valley ICD

Tuesdays, 9/21/21 to 11/16/21

4:00 to 7:00 pm

9 sessions

Lou Heinle

LIFELONG
LEARNING
YOUR BENEFIT FOR LIFE

“I never would have started my small business if I didn’t take the small business class offered by ICD. The instructor is the one that gave me the courage to go for it.” *–Jaimee*

Tuition Assistance

All USW members employed by U.S. Steel are eligible to receive up to \$2,500 annually in tuition assistance toward an approved, accredited program.

Additionally, Tuition Assistance provides reimbursement up to \$2,500 annually to each worker for tuition, books and lab fees for courses accessed through accredited institutions. Courses can be either for credit or noncredit, traditional classroom style or online.

Check this box if you are interested in learning more.

Students actively pursuing education for career advancement through an accredited degree program may qualify to combine their funds up to \$4,500 per year until completion. Contact the ICD Coordinator to complete an Issuance 14 EDP (Educational Development Plan) to begin the approval process.

Check this box if you are interested in learning more.

1. Please complete this registration form and email it to your ICD Coordinator or call the ICD at 412-460-0390.

Morgan Stanley

You have goals. We can help you reach them.

The **Morgan Stanley Financial Wellness Program** helps empower you to take hold of your financial life. It gives you direct access to personalized online resources and the valuable advice of a Financial Advisor.

Our **Financial Wellness digital portal** begins with a financial assessment to help uncover your needs. Then, you will be matched with personalized journeys and materials to help improve your financial wellbeing.

- 100+ Education Articles
- 20+ Pre-recorded Webinars
- Multiple Calculators

A dedicated **Financial Advisor** will work with you one-on-one to build a complimentary financial plan and offer more in-depth strategies:

- Pension Maximization
- In-service Withdrawals
- Insurance Services
- And more...

The cost of enrolling in the program is paid for by your negotiated ICD budget, so there is no upfront or out of pocket cost to you.

To start your financial journey, visit
<https://financialwellness.morganstanley.com/icdenroll>
or contact your ICD Site Coordinator today.
