Airbrushing

3wks

Familiarize yourself with the fundamentals of airbrushing, including techniques and essential tools. Understand the different types of airbrush guns available and learn about the best supplies and materials needed in airbrushing to achieve the desired results. Come to class to build a solid foundation in airbrushing and enhance your skills. Prerequisites: None

Thursdays–September 18 to October 2
8am-11am or 4pm-7pm

Location: JobLink

Instructor: The Vanler Group, LLC

NEW

Home Security Systems

6wks

This hands-on course introduces the student to the procedures for designing, installing and programming a home burglar alarm system. Alarm systems may be programmed to contact your cell phone, police, fire dept. or medical help. Whether you're thinking about starting your own business or want to save thousands by installing your own system, this course is for you. Prerequisites: None

Thursdays–November 6 to December 18
9am-12pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

NEW

Appliance Troubleshooting

10wks

Students will be taught troubleshooting and repair of dryers, washers, ranges and refrigerators while saving money doing the repairs themselves. Be prepared for lots of hands-on in the lab. Prerequisites: None

Wednesdays–August 27 to October 29
8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Roland Alvarez

♦ Lawn Equipment Maintenance and Repair

12wks

This class is to prepare students for repairing lawn equipment. You will learn how to demystify the construction and operation of the many systems needed for engine operation. You will also learn how to simplify some of the procedures used when repairing lawn equipment. Repair shops charge ninety-five to one hundred twenty dollars an hour for tuning up, repairing or prepping equipment for storage. Why not learn to do these things yourself and save. Bring your equipment into class for hands-on training. Prerequisites: None

Thursdays–September 25 to December 18

No Class: November 27

8am-11am or 3pm-6pm

Location: JobLink

Instructor: Mike Daly

Class A CDL Classroom Training Program 10wks

This Class A CDL Classroom Training Program is designed to provide you with the first 40 hours of the full 160-hour training program as required by the FMCSA Entry Level Driver Training Law that took effect on 2/8/2022. Included in this training is the written material and instruction to help you obtain your Class A CDL Permit, along with D.O.T. Rules and Regulations, Safety, Pre-Trip Inspection and more. You will then have the opportunity to enroll with DriveCo CDL Learning Center to complete the required 120-hour behind the wheel training designed to prepare you for the state CDL skills exam. Prerequisites: None

Mondays–September 15 to November 17
8am-12pm or 4pm-8pm

Location: Gary Works

1221 E. Ridge Rd., Gary, IN

Instructor: Roger Dunn

**International
Society of
Automation**

If you're looking to prepare yourself for the Ramsay Test, use your TAP funds and take some online courses through ISA.

They offer:

MTM
CCST II**

technical

MIG Welding/Metal Fabrication

6wks

♦ String Instrument Open Lab

3wks

This course is intended to accommodate students of varying skill levels, from complete beginners to those with some prior experience. Throughout this course students will learn fundamentals of welding and fabrication, including safety practices, equipment handling, and various welding and fabrication techniques. Students will be introduced to GMAW (MIG) and SMAW (Stick) welding, as well as metal shaping, and finishing. This class focuses on hands-on learning, allowing the students to practice their skills in a supportive environment. Each participant will have the opportunity to work on their own. **It is a requirement to wear or bring your work mandated PPE clothing for this class.** Prerequisites: None

Saturdays–August 30 to October 4

10am-1pm or 3pm-6pm

Location: JobLink

Instructor: Davy Yeater

Private Pilot Ground School

8wks

This Private Pilot Ground School meets the requirements of the FAA of 35 hours of ground training to be able to obtain a Private Pilot License. The class will prepare the student to take the FAA Written Knowledge Test which is also a requirement for the FAA. The Written Test can be taken at Eagle Aircraft and is included in the price of the class. The instructor will give the student a certificate at the completion of the course which gives them permission to present to the FAA, to take the written exam. This course requires dedicated home study as well as classroom attendance. Prerequisites: None

**Tuesdays AND Thursdays–
September 16 to November 4
6pm-8:30pm**

Location: Eagle Aircraft

4001 Murvihill Rd., Valparaiso, IN

Instructor: Sam Kohanyi

Keeping ones guitar, bass, or other string instrument in top playing condition is important to any musician. In this course you will learn the basics of guitar/string instrument maintenance and set-up including neck, fingerboard and fret adjustment, balancing string intonation, setting proper string action, and repair of cracks and surface refinishing. Bring in your own instruments for a tune-up. Also, this class can be used as open lab time for those who are working to complete their instrument from earlier workshop classes.

Prerequisites: none

Saturdays–November 1 to November 15

9:30am-1pm or 2:30pm-6pm

Location: JobLink

Instructor: David Dolak

Understanding the National Electrical Code 8wks

This course introduces the student to the National Electrical Code (NEC). Understanding the purpose, layout and the importance of the NEC code requirements is essential for the safe installation of electrical systems. Students will be taught how to reference, interpret and answer questions using the 2023 NEC. Students will receive the newest NEC code book and tabs to help organize and efficiently reference the code. Prerequisites: None

Mondays–September 8 to October 27

9am-12pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

woodworking

Dale Meiners & Nick Nash

♦ DIY Folding Bench and Picnic Table Combo

15wks

In this class students will have an opportunity to build a picnic table that can easily convert to a space saving bench! Also, this project will be available in two different sizes. Students will have the option to choose other projects that students have built in the past such as: Adirondack chairs and tables, a chaise lounge, children's toys, river tables, charcuterie boards, cutting boards, and many others! So bring your plans or ideas and come and create something that you and your family can enjoy for years. **Wood allowance is \$100 per person.** Prerequisites: None

Mondays–August 25 to December 8
No Class: September 1
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Nick Nash

♦ Custom Projects

15wks

Woodshop Custom Projects gives you access to Joblink's state of the art woodshop to build something not listed in the catalog, or to finish a previous project. Bring in your ideas and images of something you would like to build, and we will combine all the best ideas into a 3D rendering. Get inspired by wood choices, finishes, and other projects in the shop. Learn how to use all the machinery, and some hot tricks to work better and faster! **New students receive a \$150 wood allowance too!** Prerequisites: None

Wednesdays–August 20 to December 3
No Class: November 26
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

♦ Folding Outdoor Cedar Tables

15wks

Let's build 3 awesome little tables to set your mug on while sitting on your patio! We will be following a plan to make 20" tall outdoor tables that fold for easy storage. We will start by cutting and labeling all the pieces, sanding and softening the edges with a router. Then, drilling holes for dowels, assembling, and finishing with a quick mineral oil. If you haven't spent time in the woodshop at JobLink yet, this is a nice easy project, and **you'll receive \$150 of wood too!** Prerequisites: None

Tuesdays–August 19 to December 2
No Class: November 25
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

business

Business Planning II: Fine Tuning Your Business Plan

8wks

This course allows the participant the opportunity to complete an initial draft of a business plan. The initial draft will include an operational plan, a management plan, a marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses may attend at no charge. Prerequisites: None

Thursdays–August 28 to October 16

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

Business Planning III: Finalization of a Business Plan

8wks

This course allows the participant the opportunity to complete a final draft of a business plan. The final draft will include an operational plan, a management plan, a marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses are welcome to attend at no charge.

Prerequisites: None

Thursdays–October 23 to December 18

No Class: November 27

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

How to Keep Records Using QuickBooks Online

6wks

Keeping good and accurate records in a small business is a must. The business owner must know how his/her financial status is at all times. This course is designed to teach a simple method of tracking money coming in and out of a business. This information is critical in maintaining accurate tax records. This course will provide you the ability to develop a customer/vendor database, recording expenses, writing checks, creating sales receipts and invoices, as well as tracking all of your bills. Prerequisites: None

Wednesdays–October 22 to November 26

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

How to Start and Run a Small Business

6wks

Planning before starting is an important step toward operating a successful small business. This is an introductory course that teaches the basics of starting any type of small business. This course will focus on licenses/permits, location, deductible expenses, insurance, recordkeeping and legal forms of ownership. Spouses are welcome to attend at no charge. Prerequisites: None

Wednesdays–September 10 to October 15

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

Understanding and Optimizing Your Investment Choices

2wks

This seminar/workshop will explain very low maintenance, successful investment techniques that historically have produced average annualized returns that outperform the market. Participants will perform in-class exercises at the end of every session where they will learn how to choose the best mutual funds and stocks for their 401k's and Roth IRA. The class will be offered online twice a day through Zoom so students can ask questions and interact with the instructor. The class will also be recorded and sent by email to all students.

Prerequisites: None

Tuesdays–December 2 AND December 9

Wednesdays–December 3 AND December 10

8am-11:30am or 4pm-7:30pm (Central Time)

Location: ZOOM

Instructor: Steve Williams

culinary

Authentic Spanish Paella Feast

1wk

Have fun while Chef Javier instructs the class how to prepare the world-famous Spanish dish, Paella, made with bomba rice, vegetables and seafood; Pollo al Ajillo (Garlic Chicken); and we will make a fantastic Spanish sweet dessert, Crema Catalana (Spanish Custard). Prerequisites: None

Thursday–September 11

3pm-6pm

Location: JobLink

Instructor: Javier Silveas

Brazilian Street Food

3wks

Brazilian appetizers with a usual meat and cheese filling are sold from markets to airports and restaurants. Learn how to make gluten-free cheese bread, chicken and potato-stuffed dumplings, fried beef-stuffed hand pies called pastel, and beef kabobs, baked small pies called empadas. Learn how to make refreshing Brazilian tropical juices and coffee. Finally, learn how to make a simple fresh cheese with fresh milk and use it in different preparations.

Prerequisites: None

Tuesdays–November 4 to November 18

3pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Cake Decorating with Your Kids

1wk

Professional cakes look so incredible, but now you can make yours look professional too! Bring your kids to this class (if you want) and learn how to decorate cakes using fondant, cut outs, piped icing, fruits and berries, candies, etc. One cake per family. Additional cakes can be purchased for \$40. Students can bring up to 3 children to class. Prerequisites: None

Saturday–October 11

9am-12pm

Location: JobLink

Instructors: Christopher Boyer/Sarah Watson

Catfish Dinner

1wk

Catfish Dinner is a cooking class for fried fish amateurs. Make a savory red bean and rice dish. Cook a small amount of Gumbo with crab, okra, and Andouille sausage. Create your own mix of spices to fry your fish. Cook a shrimp creole to serve as a sauce for your fish. Blacken catfish in a cast iron pan. Put together a healthy salad and make a Creole dressing for it. Fry beignets for a sweet finish. Prerequisites: None

Tuesday–December 2

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Cinnamon Roll Day (Denmark)

1wk

Get ready for Cinnamon Roll Day, October 5th. Learn how to make large Cinnamon Rolls that are called Wednesday Snails and are sold in Denmark only on Wednesdays, a tradition that has connections with soccer games. Learn how to make laminated dough, make glazed danish pastries that the locals call Spandauer and are filled with custard, chocolate, jam and nuts. Prerequisites: None

Tuesday–September 30

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Italian Dinners

4wks

Have your own Tour of Italy series with four dinners based in Naples, Milano, Torino-Aosta, and Bologna. Learn to make risotto, potato gnocchi, ravioli, and some sauces to go with them. Learn 5 different sauces for a spaghetti dinner. Learn how to cut chicken breast for scaloppini and make a piccata sauce. Bake a fresh Italian bread and a few pizzas. Learn a few seafood and wild game recipes. For dessert: tiramisu, affogato, chocolate hazelnut mousse and pistachio cake. Prerequisites: None

Tuesdays–October 7 to October 28

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Oktoberfest in Munich

1wk

Oktoberfest in Munich has larger than life dishes - like Ochsenbraten, roasted ox on a spit, which we will replicate in a small scale in the kitchen. Roast beef rump in your kitchen oven, slice it and serve it with bread dumplings and a mushroom gravy (Rahmschwammerl). Finish with Germknodel, a sweet yeast dumpling covered in vanilla sauce, poppy seeds and served with plum compote. Prerequisites: None

Tuesday–September 23

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

personal development

Beginner Bonsai Workshop

1wk

Whether you're a seasoned bonsai enthusiast or a curious beginner, our workshops provide all the materials and guidance you need to create your own miniature masterpiece. Enjoy some zen, connect with fellow plant lovers, and take home your very own bonsai tree. Each participant will receive: one pre-tree they select, one unique bonsai pot & humidity tray, and one pair of chopsticks for potting. There will be a curated mini market to shop as well. Prerequisites: None

Thursday–September 18

3:15pm-5:15pm

Location: JobLink

Instructor: Carmeanna Eberly

Easy Guitar

12wks

Learn everything you need to know to play your favorite tunes from award winning instructor Eric Lambert. This Zoom only course meets twice on Mondays and gives you close up demonstrations, explanations, and video to help you learn anywhere you have a computer, Ipad or phone. If you've always had a dream to play guitar, this is your opportunity! Prerequisites: Own a Guitar

Mondays–August 18 to November 10

No Class: September 1

11am-12pm or 3pm-4pm

Location: ZOOM

Instructor: Eric Lambert

Fun at the Farm

1wk

Farmer Janet will give you a tour of Windmill Acres, a small, family-owned farm/nursery and pumpkin patch. Feed the farm animals, pick a pumpkin on the hayride, enjoy all the festive decorations while you peruse the mum and cold-hearty plant selection. Be sure to stop by the shop and try some donuts and an apple cider slushie! Cost covers one student and two children, entrance/activities and includes a free pie pumpkin for each. Additional guests are welcome at \$9.00 for children and \$6.00 for adults. Prerequisites: None

Saturday–October 4

Come any time between 9am-5pm

Location: Windmill Acres

3361 E. Brunswick Rd., Beecher, IL

Instructor: Janet Gatto

Harvest Planter

1wk

Get your porch ready for fall with a festive autumnal planter! You will create a unique piece to enhance your porch, choosing from a wide selection of mums and other decorative grasses, kale, cabbage, and more! Your one-of-a-kind planter will last through the entire harvest season until the snow flies! Prerequisites: None

Wednesday–September 17

9am-10:30am or 3pm-4:30pm

Location: JobLink

Instructor: Janet Gatto

Learn to Play Piano/Keyboard:

10wks

Levels 1, 2, 3, 4, or 5

This class is designed for all levels of piano students. Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. The instructor will work with groups and individuals based on their piano level. This class is available on-site, or can be Zoomed with instructor online, or can be a hybrid class (on-site and/or Zoom) in case you cannot make it to class due to your schedule or other time conflicts.

Prerequisites: None

Tuesdays–September 16 to December 9

No Class: September 30, October 28 or November 11

11:30am-1pm or 3:30pm-5pm (Central Time)

Location: Leon Lynch/ZOOM

Instructor: Frances Zahariadis

personal development

♦ Piano/Keyboarding Open Lab

1wk

The purpose of this Open Lab is to reacquaint students with the piano/keyboard by giving them the opportunity to ask questions and also address possible challenges they may be facing. The instructor will have extra materials and exercises available to help you focus on piano skills that need strengthening. This class is available to past piano/keyboarding students and is a great opportunity to prepare you for the next level of piano/keyboarding. Open to retirees that have taken any level of piano/keyboarding in the past. **Prerequisites: Must have taken or currently taking Learning to Play the Piano/Keyboard classes (Any Level).**

**Thursdays–August 21 and/or August 28
September 4 and/or September 18
October 2 and/or October 30
November 13 and/or November 20
December 4 and/or December 18**

Instructor: Frances Zahariadis

The Secrets of Reward Credit Cards

1wk

Earn “cash back” to help you pay your monthly bills (your electric bill, groceries, rent, mortgage, etc). Or earn airline frequent flyer miles and hotel reward points to pay for your next vacations. Flights and hotels are typically the most expensive part of your vacation. How to manage reward credit cards without hurting your credit score or finances. Learn a “Beginners Strategy” then graduate to more “Advanced Strategies”. All reward programs are detailed. Includes a 100-page digital book (a \$39.95 value). Go to www.GinaHenry.com for more info. Prerequisites: None

**Wednesday–October 15
9am-12pm or 3pm-6pm (Central Time)
Location: ZOOM
Instructor: Gina Henry**

Sewing Class

4wks

Bring your creative side to learn sewing basics. Learn how to create a simple quilt, t-shirt quilt, upcycle your old clothes or learn the basics while sewing smaller projects. You will walk away with new sewing techniques, practical skills and one of a kind handcrafted pieces. Learning the basics of sewing will give you a lifetime skill. **Students can only attend one session per week.** Prerequisites: None

**Wednesdays–October 8 to October 29
3pm-6pm**

OR

**Thursdays–October 9 to October 30
9am-12pm**

Location: JobLink

Instructor: Maria Stephan

Stained Glass: Holiday Projects

8wks

For the holidays what would you like to make? There's a variety of season patterns to choose from. There is a large variety of glass and other materials that will allow any level of artist to satisfy their creativity. The patterns that have been selected are to give the student a glimpse into what can be created in many art styles, i.e. Abstract, Art Deco, Victorian, etc. Intermediate students have the opportunity to bring in a pattern of their own or look through our many books to choose a pattern they would like to create. Prerequisites: None

Mondays–August 18 to October 28

No Class: September 1

10am-12:30pm or 2:30pm-5pm

Location: Suncatchers Inc.

1348 119th St., Whiting, IN

Instructors: Edie Rauner and Margarita Otero

Winter Porch Planter

1wk

Start your holiday decorating early with an eye-catching winter porch pot! You will learn how to create a festive porch pot that will last all winter and into the spring with zero maintenance. No two pots are the same and this class will provide everything you need to make a piece that reflects your personal style and adds that cozy touch to your home! Prerequisites: None

Wednesday–November 19

fitness

Full Spectrum Fitness Health & Wellness

6wks Solutions at Work

12wks

Full Spectrum Wellness is a comprehensive program designed to educate participants on the importance of nutrition and exercise. Those attending will learn the role of health, nutrition, physical activity, and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation, improving personal fitness, and identifying changes and practical application that will enhance lifelong health. A one-year membership to Full Spectrum Fitness is included upon completion of this course. Members will be provided with a fitness center tour.

Prerequisites: None

Thursdays–August 21 to September 25
8am-9am or 7pm-8pm

Location: Full Spectrum Fitness
1516 N. Main St., Crown Point, IN

Instructor: John Brant

This 3-month program meets either Tuesdays or Thursdays for 2 hours. Attend Nutrition class from 3:30pm-4:30pm followed by a Fitness Training session from 4:30pm-5:30pm. Nutrition instruction includes topics such as Proteins, Fats, Carbs, Portion Control, Sleep, and Stress. A Certified Personal Trainer will lead participants through Fitness Training sessions and discuss different elements of physical activity (i.e. Basic Anatomy, Functional Training, Balance/Stability, and Metabolic Conditioning.) This program allows full access to the Fitness Center including unlimited Team Training Sessions until Saturday, November 22, 2025. **Prerequisites: Onsite registration runs from August 4th – 26th. Health assessments are required prior to the first day of class.**

Tuesdays OR Thursdays–
September 2 to November 20
3:30pm-5:30pm

Location: Franciscan Health & Fitness Center
810 Michael Dr., Chesterton, IN

Instructor: Barbara Pilla

3D Designs Using Tinkercad Tips and Tricks

2wks

Taking this course will empower you to design and/or edit your own or downloaded 3D models in a systematic way by learning the Tinkercad software. Many time saving tips and tricks will be introduced in this course. Learn how to prototype products and even create functional objects for your home, office, or even as unique gifts for friends. If you have taken the 3D printing class(es) or considering purchasing and/or taking 3D Printing classes in the future, this class will greatly benefit your 3D printing experience. This class is online, you will be emailed video links and can watch at your own pace on your computer, laptop, tablet, or cell phone. You can watch the videos as many times as you want and practice with exercises provided in each lesson. Communication with instructor will be via email. **This course is a prerequisite to 3D printing classes.** Prerequisites: None

**Mondays, Wednesdays, and Friday–
August 18 to August 27**

Location: ONLINE ONLY

Instructor: George Zahariadis

3D Printing ENDER 3-VER 3 SE Printer or Equivalent Model

3wks

Bring your 3D Printing to a new level with the upgraded Ender 3-VER 3 SE 3D Printer or equivalent model. This printer now comes with basically worry-free auto-leveling using the CR touch sensor and a strain sensor for auto Z offset, auto filament loading and unloading process, a rigid dual Z-Axis to avoid wobbling, and a sprite extruder for better quality and faster 3D prints. Come to this class to see and use the latest Ender 3 Series 3D printer and learn how to 3D print or upgrade your 3D printing experience. **You can purchase this printer at a discounted price of \$55 and take it home with you at the end of class. If you wish to purchase a 3D printer you must let your ICD coordinator know at time of registration.** Prerequisites: Tinkercad Tips and Tricks Online class or equivalent knowledge

Wednesdays–September 3 to September 10

Monday–September 15

8am-11:30am or 3:30pm-7pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

3D Scanners

3wks

If you have a 3D printer and thinking about purchasing a 3D scanner, then this class is for you. In this class we will learn about the differences in 3D scanners and how to properly use them. We will also explain how to use scanning software to obtain the desired 3D scanned model. With the right 3D scanner and training, you can effortlessly create 3D models without complex scanning knowledge. By enrolling in this class, you will be able to purchase a 3D printing scanner, the Creality 3D Scanner CR Ferret or equivalent model for \$100. Prerequisites: Must be Enrolled or have taken any 3D printing class. **You must register at least two weeks before the class start date in order to have scanner available on the first day of class, otherwise your scanner purchase will be available before or by the last day of class.**

Wednesdays–November 5 to November 26

No Class: November 12

8am-10:30am or 3:30pm-6pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

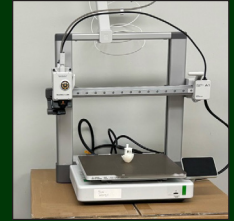

Tino Fulimeni Scholarship

Are you an active steelworker with a child/grandchild that is going to college, a trade or vocational program in the Fall 2025 or Spring 2026 semester?

Go to the back of the catalog for more information on how they can apply for a chance to win the Tino Fulimeni Scholarship!

**Application Deadline is
November 10, 2025**

technology

Converting Home Movies, Negatives, and Slides to Digital Files and Edit Using Free Software

3wks Laser Engraving on Mirrors

2wks

You will learn how to convert 8mm, VHS, DVD, negatives, and slides to digital format and save on hard drives, USB drives or SD cards, using different hardware and software. With the growing demand of people wanting to preserve and organize their home movies, this class could lead into a prosperous part-time or full-time business. You will be given the free software and hardware, VHS to Digital Converter RCA USB 2.0 Video Converter Grabber, and negative along with a Film Negative Scanner High Resolution Slide Viewer, to Convert 35mm Film & Slide to Digital JPEG Save into SD Card. Once you finish this class you can also come to Open Labs to complete your home movie, negatives, and/or slide collection transfers with our hardware that will be available in Open Labs for you to use. Prerequisites: None

Wednesdays—October 8 to October 22
8am-11am or 4pm-7pm

Location: JobLink

Instructor: George Zahariadis

EXCEL MOS Certification

7wks

After taking this class, you will be able to take the Excel Specialist Exam and become an Excel MOS Specialist. This looks great on your resume! Topics include advanced functions, charting, tables and much more! Prerequisites: None

Wednesdays—August 20 to October 1
10am-12:30pm or 4pm-6:30pm

Location: Computer Education Institute
100 W. US Hwy. 20, Porter, IN

Instructor: Chris Turner

TAP

In this class we will learn how to prepare images, patterns and letters to laser engrave directly on mirrors. This class along with the sublimation and/or vinyl cutting class can become a great part-time or full-time promotion/advertising business. We will be using the Xtool Laser for engraving mirrors. Prerequisites: None

Wednesdays—December 3 to December 10

8am-11am or 3:30pm-6:30pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

Multicolor 3D Printing with Bambu A1 Printer and Bambu Software

2wks

Come to this class to learn how to prepare your 3D prints for multicolor printing. The Bambu A1 series printers can be connected to an AMS lite, supporting 4-color printing. The AMS lite add on brings colors to your 3D printed models and opens up a whole new world for your creativity to soar! With AMS lite, you can setup automatic filament backup to seamlessly load in new spool when the current spool runs out, ensuring an uninterrupted printing process. When using Bambu Filaments the AMS system automatically identifies and applies the best settings for your material. **Prerequisites: Must have taken 3D Design with Fusion 360 Class and/or own a Bambu Lab A1 Printer. You can purchase an AMS Lite system for your Bambu Lab A1 3D Printer for \$150 and take home at the end of class.**

Thursdays—August 21 to August 28

8am-10:30am or 4:30pm-7pm

Location: JobLink

Instructor: George Zahariadis

Organizing Your Digital Photos

1wk

Organizing your digital photos can be tedious. Many people have difficulty consolidating and organizing their digital photos because the photos are stored in multiple devices (i.e. computer, tablet, cell phone, thumb drive, DVD, etc.) This class will provide you with software and a thumb drive that will help you search for all your photos; find duplicates; and transfer those photos from your cell phone and tablet to a thumb drive then to your computer/laptop. We will also discuss how to organize your photos by creating custom folders on your computer/laptop and copying or moving them to the custom folders. We will look at using online photobook services to create custom books and make hard copies of memorable moments at discounted prices. Prerequisites: None.

**Monday AND Tuesday–December 15 to December 16
9am-12pm or 3:30pm-6:30pm**

Location: Leon Lynch

Instructor: George Zahariadis

NEW

Pod Class: A Complete Guide to Podcast

4wks

Learn all the aspects of podcast production, from workflow, audio, editing, uploading, equipment and hosting site for streaming. Prerequisites: None

**Wednesdays–October 8 to October 29
7pm-9pm**

Location: Creataspace Place

447 E. 3rd St., Hobart, IN

Instructor: James Wacasey

Sublimation Printing

1wk

Sublimation printing is the method of applying an image/saying to specially coated items such as ceramics, metals, fiber board and polyester cloth, using four main ingredients: sublimation ink and paper, heat and pressure. In this class you will learn how to use sublimatable materials and equipment to sublimate your picture and/or phrase on a mug, t-shirt, a mousepad, keychain and take home or give as a gift or memento. The sales growth for custom gifts and apparel is increasing tremendously, here is your opportunity to learn how to sublimate and possibly join this growing business trend. Prerequisites: None

Monday and Tuesday–

September 8 AND September 9

8:30am-12pm or 3:30pm-7pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

♦ Technical Open Labs

1wk

Bring your computer/laptop to lab for help with repairs or upgrades. We can backup your data, upgrade, and check your computer/laptop for viruses or malware in this lab. If you have any Firestick, alarm or security camera, cell phone or tablet questions or repairs, if you have questions about a class, you have recently taken or missed, this will be your opportunity to come talk to George, our instructor. Come and use our sublimation, vinyl cutting, laser engraving and 3D printer equipment and improve your skills learned in your classes. Prerequisites: None

Thursdays–September 4 and/or September 18

October 9 and/or October 23

November 6 and/or November 20

December 4 and/or December 18

8am-10:30am or 4:30pm-7pm

Location: Leon Lynch

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if; that retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.
