2 WAYS TO UTILIZE YOUR CAREER DEVELOPMENT FUNDS

1: CUSTOMIZED COURSES

COURSE CATALOGS ARE MAILED TO YOUR HOME TWICE A YEAR IN JUNE AND DECEMBER

- Classes are open to active Union Steelworkers
- Classes will be taken on the employee's own time
- **If you have to drop, you MUST contact Career Development or you will get charged** the class amount against your yearly limit

CUSTOMIZED CLASSES LIMITS

The Governing board for ICD has a limit on customized classes of \$2,000 per participant per calendar year. This means in most cases, each participant will be able to take approximately 5 classes per year. Also, there is a limit of 2 customized courses per year in some personal development courses. If you have any questions, call your career development office.

2: TUITION ASSISTANCE

USW MEMBERS ARE ELIGIBLE FOR TUITION ASSISTANCE

In addition to customized classes, members are eligible for Tuition Assistance up to a maximum of **\$2,500** a calendar year for accredited schools. Funds may be used for tuition, required textbooks, and course-related fees. Funds cannot be used to pay for materials, equipment or supplies. **The Tuition Assistance Funds are separate from the \$2,000 Customized Class Fund.** (With combined funds, you may use up to a maximum of \$4500 a calendar year (Jan-Dec) for a properly accredited school).

To apply for Tuition Assistance, please contact your Career Development Office

Tino Fulimeni Scholarship Fund

In 2025, ICD will award seven \$1000 scholarships to various children and grandchildren of steelworkers.

The *Tino Fulimeni Scholarship Fund* was established to honor the memory of Brother Fulimeni. Tino was a fanatic about ICD. His commitment and contribution are evident in the success of the Career Development Program. The *Fund* is administered by ICD in Merrillville, IN.

Criteria to be met for eligibility of scholarship drawing:

- Applicant must be a high school graduate enrolled in college and beginning in the fall semester of 2025 or the spring semester of 2025 or a college student returning to school in the fall semester of 2025 or spring semester of 2025
- Applicant must have maintained, in the past, at least a cumulative 3.0 grade point average and can demonstrate this with a transcript if selected.
- Applicant must be the child/grandchild of a steelworker who is currently eligible to participate in the Career Development Program

Application deadline is September 1, 2025.

SUBMIT AN APPLICATION ONLINE at www.icdlearning.org OR mail to

Tino Fulimeni Scholarship Fund
c/o The Institute for Career Development, Inc.
1300 East 80th Place, Suite 301 South
Merrillville, IN 46410
Fax: 219-736-9216

Additional applications may be obtained from your local ICD program Coordinator, or by calling ICD at (219) 738-9029

PRIVATE PILOT GROUND SCHOOL

The overarching mission: to provide students the knowledge necessary to become safer, more knowledgeable, more competent pilots in general and specifically of single-engine land airplanes. Students will gain the required knowledge through classroom presentations, reading, and hands on activities. This course is designed to prepare prospective private pilots for the Private Knowledge Exam required and administered by the Federal Aviation Administration prior to earning private pilot certification.

Tuesdays & Thursdays

July 8 - Oct 16

Oct 28 - Feb 19

(skip 11/27, 12/23, 12/25, 12/30, 1/1)

6 PM - 8 PM

Region Flyers

4205 Murvihill Rd

Valpo, IN

PRIVATE PILOT GROUND SCHOOL

Eagle Aircraft will prepare the student to pass the FAA Private Pilot written exam and teach basics of flight training including aerodynamics, weather, system airspace, etc. Students attending will receive an aviation software program, logbook, E6B, charts, 3 hrs. of simulator time and the FAA written exam included in the price.

Tuesdays & Thursdays

Sept 16 - Nov 4

6 PM - 8:30 PM

Eagle Aircraft

4001 Murvihill Rd

Valpo, IN

CDL TRACTOR TRAILER CLASSROOM PROGRAM

This Class A CDL Classroom Training Program is designed to provide you with the first 40 hours of the full 160-hour training program as required by the FMCSA Entry Level Driver Training Law that took effect on 2/8/2022. Included in this training is the written material and instruction to help you obtain your Class A CDL Permit, along with D.O.T. Rules and Regulations, Safety, Pre-Trip Inspection and more. You will then have the opportunity to enroll with DriveCo CDL Learning Center to complete the required 120-hour behind the wheel training designed to prepare you for the state CDL skills exam leading to your Class A CDL License.

For more information, contact Karen Orosz, DriveCo School Director at 219-887-3880.

Mondays

Sept 15 - Nov 17

8 AM - 12 PM or 4 PM - 8 PM

Roger Dunn

USS/USW/1066

HOME INSPECTION COURSE

This course teaches individuals how to inspect a residential property and provide a professional inspection report to real estate agents and mortgage professionals. The course covers structure, exteriors, roofing, HVAC electrical, plumbing, insulation/ ventilation systems, report writing, and business development/marketing.

Thursdays	Fridays
Oct 2 - Oct 23	Oct 3 - Nov 20
8 AM - 11 AM	8 AM - 11 AM
or 4 PM - 7 PM	or 4 PM - 7 PM
ICA	ICA
USS/USW/1066	USS/USW/6103

Attendance at the 4 class sessions is mandatory. There will be an out-of-pocket expense of \$225 to take the state exam. Career Development will not cover this cost.

TESTIMONIAL: Just thought I'd drop you guys a quick email. This was a very informative class. They did a really good job presenting the material in conjunction with the training modules. The instructors were/are super helpful, knowledgeable and extended open ended conversations as we progress further on our home inspection paths.

MEET THE INSTRUCTORS

CHRIS TURNER

COMPUTER EDUCATION INSTITUTE INC

Chris has been teaching for Career Development for over 32 years. What she loves about teaching for Career Development is “Meeting all kinds of students and watching them grow in our classes. Whether it is a “fun class” or a Computer Class, our students are always so appreciative” Some of the classes that Chris teaches are: Excel, Word, PowerPoint, Photo editing, Sublimation, Calendar Creator, etc. Come take a class from her, you won’t be disappointed!

PATTI BOYER

COMPUTER EDUCATION INSTITUTE INC

Patti has been teaching for Career Development as she puts it, “way too long, she does not want to show her age!”. Her main classes that she teaches are Notary, Quicken, Excel, Willmaker, etc. What she loves about teaching is “The excitement on the student’s faces when they get it!”.

CHRISTOPHER BOYER

COMPUTER EDUCATION INSTITUTE INC

My name is Christopher Boyer, and I’ve been teaching at Career Development since 2019. I specialize in Laser Engraving, Sublimation, Canvas Wrapping, DSLR Cameras, Intro to Windows, and more. I’m also part of the team at Computer Education Institute. One of the most rewarding parts of teaching is seeing students surprise themselves with their own abilities. There’s nothing quite like the moment when a student realizes just how much they’re capable of—those expressions of pride and excitement make every class worthwhile. I look forward to continuing to help students build their skills and confidence through hands-on learning!

SECURING BUSINESS GRANTS

This course will cover developing effective grant writing skills to acquire competitive funding from government agencies and private foundations. Writing a successful grant proposal is a blend of art and science. It requires basic knowhow, content knowledge, writing proficiency, strong research skills and creativity. We will also cover accounting and bookkeeping which will be beneficial for the student to know after grant funding.

Thursdays
Oct 9 - Oct 30
4 PM - 6 PM
Carol Lynn Seton
USS/USW/1066

BUYING & MANAGING RENTAL PROPERTIES

This course will instruct attendees how to locate and purchase investment property for the purpose of generating residual income. This course will also teach you about Tax Sales, Foreclosures, For Sale By Owner, Title Commitments, Appraised Values, LTV's, evictions and more. In addition, you will learn about managing the property once acquired, dealing with lead-based paint in homes built before 1978, and contracting with the government (Section 8) program. Upon completion of this course, participants will understand how to become a landlord.

Fridays
Sept 5 - Sept 26
4 PM - 6 PM
Jerry Haymon
USS/USW/1066

CASH FOR COLLEGE

This course will show you how and where to apply for Scholarships, Grants and Financial Aid. You will also learn about tuition reimbursement through employers. Also covered will be text books, technology and other educational expenses. Participants will gain a clear understanding of the US Dept. of Education standards for Federal Student Aid.

Wednesday
Aug 20
4 PM - 7 PM
LaRanza Carson
USS/USW/1066

STARTING YOUR OWN BUSINESS

In this class the students will learn about setting up an LLC, state contracts and a few more essential to opening and running a business

Thursdays
Sept 4 - Sept 25
4 PM - 6 PM
Jerry Haymon
USS/USW/1066

START AND SUSTAIN YOUR NONPROFIT

This course guides you through the step-by-step process of applying for 501c(3) tax-exempt status using IRS Forms 1023 and 1023EZ. You'll learn eligibility requirements, key application components and common pitfalls to avoid. Whether you're launching a new nonprofit or formalizing an existing organization, this course provides practical insights to streamline the process. Each participant will receive a comprehensive workbook to support their application and ongoing nonprofit compliance.

2nd Tuesday
Monthly
5 PM - 6:30 PM
Dr. Janell Harvey
USS/USW/6103

HOW TO START AND RUN A SMALL BUSINESS

Planning before starting is an important step toward operating a successful business. Many students have said to me that they wish they would have taken this course before starting a business. This is an introductory course that teaches the basics of starting any type of small business. This course will focus on licenses/permits, location decisions, deductible expenses, insurance, record keeping and legal decisions. Spouses may attend at no charge.

Mondays
Aug 4 - Sept 15
(skip 9/1)
 8 AM - 10 AM
 4 PM - 6 PM
 Scott Williams
 USS/USW/1066

BUSINESS PLANNING 1

This is an introductory course in developing a business plan that requires no previous knowledge of the business process. This course will provide you with the ability to learn what is involved in developing a plan for a successful business. You will learn about an operational plan, personnel planning, and finally a marketing and financial plan. Spouses may attend at no charge.

Thursdays
June 12 - Aug 14
(skip 6/26, 7/3)
 8 AM - 10 AM or
 4 PM - 6 PM
 Scott Williams
 Leon Lynch

BUSINESS PLANNING II—FINE TUNING A PLAN

This course allows the students the opportunity to complete an initial draft of a business plan. The draft will include an operational plan, a management plan, a marketing plan, as well as, a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses may attend at no charge.

Thursdays
Aug 28 - Oct 16
 8 AM - 10 AM
 or 4 PM - 6 PM
 Scott Williams
 Leon Lynch

BUSINESS PLANNING III—FINALIZATION OF A BUSINESS PLAN

This course allows the participants the opportunity to complete a final draft of a business plan. The final draft will include an operational plan, a management plan, a marketing plan, as well as, a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses may attend at no charge.

Thursdays
Oct 23 - Dec 18
(skip 11/27)
 8 AM - 10 AM or
 4 PM - 6 PM
 Scott Williams
 Leon Lynch

BUILD BUSINESS CREDIT & ACCESS CAPITAL

Thinking about launching a business or leveling up your current one? This hands-on course is your blueprint for becoming bankable and unlocking business credit—without relying on your personal credit. You'll learn how to properly structure your business for lender compliance, access vendor credit accounts, and understand what banks are really looking for when it comes to interest rates and approval.

Thursdays
Sept 11 - Sept 25
 8 AM - 9:30 AM or
 3 PM - 4:30 PM
 Robin Sobomehin
 USS/USW/6103

BEAR MARKET

BEAR MARKET

TECHNICAL LAB

Every Wednesday between 8am - 4pm we will have a technician at the Computer lab waiting for you to bring in your very slow, broken, needing upgrading PCs! Here is a brief list of things we can help with: Fixing slow or broken machines, upgrading software, transferring data, making sure your PC is protected, and upgrading computers, fixing phones, iPads, Tablets, Chromebooks, etc. Just stop by or call and make an appointment.

This is an incredible opportunity, don't miss it! Keep in mind if you need any hardware or non-free software you will need to purchase it. Sam will assist in getting you the necessary software and hardware. (If you need to attend later than 4pm, please contact Sam to set up an appointment)

*Wednesdays
July 2 - Dec 17
8 AM - 4 PM
CEI / Sam Laker
USS/USW/6103*

TECHNICAL OPEN LAB

We have open labs available for you. Every Thursday, bring your slow or broken computer, or laptop to lab so we can take a look and help you with repairs or upgrades. We can back up your data, upgrade, and check your computer/laptop for viruses or malware in this lab. If you have any Firestick, Raspberry Pi, Android TV box, alarm system, security camera, cell phone or tablet questions or repairs, or if you have questions about a class you have recently taken, or if you need help on any software, this will be your opportunity to come talk to George, our instructor. You can call to make an appointment and reserve a time slot or just show up anytime between any of the open lab hours and days.

*Thursdays
Aug 14 - Dec 18
No Class Nov 27
11 AM - 4PM
George Zahariadis*

MOSAIC TURKISH LAMP OR WAX WARMER

Students will create their own color scheme and design using glass shapes and crushed glass.

*Fridays
Oct 17 - 31
9 AM - 3 PM
Beth Harrigan
CC/USW/BH*

FUSED GLASS FLOWER OR MUSHROOM GARDEN STAKES

Create a colorful fused glass flower or mushroom using glass with a slurry of fused glass powders. After firing they will be attached to a cooper stem and displayed in your home or yard.

*Fridays
Sept 5 - 26
9 AM - 3 PM
Beth Harrigan
CC/USW/BH*

STAINED GLASS GARDEN DECORATION

Create stained glass garden art using the copper foil method using glass, nuggets, geodes, rocks, shells, or China plates. A metal frame and trim will be attached to the project for displaying in your yard or garden.

*Fridays
August 1 - 29
9 AM - 3 PM
Beth Harrigan
CC/USW/BH*

EMBROIDERY—LEVEL 1

Come join us on our new Embroidery machines and make 3 great projects. We will start out with a Monogramed Dish towel, then onto a Monogramed Hat.

*Wednesdays
Dec 3 - Dec 17
12 PM - 2:30 PM
or
4 PM - 6:30 PM
CEI
CC/USW/BH*

SEWING 101

Bring out your creative side in 2025! Learn the basics or polish your skills with sewing classes tailored for all levels. Come create a T-shirt quilt, upcycle your old clothes or learn the basics making smaller projects. We will provide guidance in a fun, engaging environment. You'll walk away with new sewing techniques, practical skills and beautiful handcrafted pieces to be proud of.

*Mondays
Sept 8 - Sept 29
OR
Mondays
Nov 3 - Nov 24
12 PM - 2:30 PM
or 4 PM - 6:30 PM
Maria Stephan
CC/USW/BH*

or 4 PM - 5:30 PM
Stephen Lehman
USS/USW/1066

INTRO TO PHOTOGRAPHY

Photography is a skill that can be greatly beneficial to anyone. Photography helps us preserve our memories and discover the beauty around us. Taking the time to create helps us as humans feel fulfilled. What we will cover first is making sure you know how to control your camera fully so your camera won't limit you any longer. Any camera with a manual mode will be sufficient, including smart phones. By

the end of this 5 week course, you will be equipped to shoot entirely in manual mode with full control over how you want your image to look. We will explore composition, portraits, landscapes, and various lighting scenarios to help you become well-versed in the basics of photography. This class will serve as a building block for each participant to take what they've learned and to keep expanding on those fundamentals.

Thursdays
July 3 - July 31
8 AM - 9:30 AM
or 4 PM - 5:30 PM
Stephen Lehman
USS/USW/1066

INTERMEDIATE PHOTOGRAPHY

In intermediate photography we will build upon the foundational concepts introduced in the introductory course. Through this advanced class we will delve into the intricacies of long exposure photography, professional portrait photography, and event and wedding photography. This comprehensive course is designed to elevate your photography skills and help you reach the next level of expertise.

Mondays
Sept 8 - Oct 13
SKIP Sept 29
8 AM - 9:30 AM
or 4 PM - 5:30 PM
Stephen Lehman
USS/USW/1066

INTRO TO VIDEOGRAPHY / VIDEOGRAPHER 101

Are you wanting to perfect your videoing skills? There are many different aspects to being a great Videographer, including capturing high quality sound and video. Come explore crucial video settings like ISO, Focus, frame rates, resolution, shutter speed and more. You will be able to take what you already know and perfect it. Now you can become the family Videographer or hire yourself out to make extra money!

Thursdays

CC/USW/BH

CASTING WITH EPOXY RESIN

Epoxy is a 2 part system used in creating art in many forms. In the first class you will learn how to measure, stir pour and torch out any imperfections in your project. We will be pouring into molds, over stainless steel and learning how to make a wood grained look that will fool the eye.

Mondays
July 7 - Aug 11
 9 AM - 12 PM or 12:30 PM - 4:30 PM
 K.A. Riley Painting Inc
 266 Stone Ridge Ct
 Chesterton, IN 46304

ART STUDIO

Art is everywhere you look. On walls as paintings and murals, on fabric, wrapping paper, glassware stenciled on wood just to name a few. In my Art Studio you will learn how to paint by expressing yourself using color, texture and pattern. I am absolute proof that you don't need to know how to draw to create art that you love. Students will receive a set of brushes and an assortment of canvases, glasses, and wood will be available for you to begin learning. Members will be learning what the different brushes are used for and how to care for them. They will learn how to prepare the different surfaces for painting, which type of paints and sealers to use on their projects.

Thursday
Oct 2 - Nov 20
 9 AM - 12 PM or 12:30 PM - 4:30 PM
 K.A. Riley Painting Inc
 266 Stone Ridge Ct

MEET THE INSTRUCTORS

DR. JANELL HARVEY

HARVEY NONPROFIT CONSULTING GROUP

Dr. Janell Harvey is a distinguished nonprofit consultant, former college professor, and author with a passion for empowering individuals and organizations in the philanthropic sector. As the founder of Harvey Nonprofit Consulting Group, she has dedicated her career to helping aspiring nonprofit leaders establish and sustain impactful organizations. Her firm specializes in guiding clients through the Form 1023 and 1023-EZ filing processes, ensuring legal compliance and long-term Sustainability.

With a strong background in academia, Dr. Harvey has shared her expertise in nonprofit development and proposal writing at esteemed institutions, including the Urban League, U.S. Steel Corporation, Women Empowered to SOAR, and Indiana University Business Academy. Her influence extends beyond the classroom—she has graced the stages of prestigious institutions such as Fordham University and Harvard University, where she has spoken on philanthropy and nonprofit leadership.

GEORGE ZAHARIADIS—Z-TECH ENTERPRISES

George has been teaching since 1996 for Career Development. George has helped people receive computer certifications, get better paying jobs and promotions, and choose other career paths upon retirement. George is a dedicated individual motivated by the hard work and dedication of his students and directors at the Career Development Sites. He is always willing to help anyone that is trying to better themselves through education. He admires and respects the time that individuals spend to help themselves grow through the ICD programs available, especially with the long hours and shift work they put in on the job.

STEPHEN LEHMAN—RAINSTORM PHOTO & VIDEO

Stephen has been teaching for 2 years now. He specializes in photography classes including Intro to Photography, Intermediate Photography, Photo Editing: Lightroom, Intro to Videography. What he loves about teaching for Career Development is “I love getting to meet each of my students and find out their goals. I have a certain love for helping people identify their goals and then meeting them where they are. I love seeing people begin to thrive in their creative giftings.”

MEET THE INSTRUCTORS

ROBIN SOBOMEHIN

SOCIAL COACHING-CREDIT REPAIR, LLC

Robin has been teaching since 2017 for Career Development. She teaches Credit Repair & Financial Empowerment and Building Business Credit & Accessing Capital. Both classes are hands-on, high-impact, and designed to deliver practical strategies that students can apply immediately—whether they’re trying to fix past credit mistakes, prepare for a major purchase, or build a fundable business. What she loves about teaching is “The opportunity to meet hard-working individuals who are committed to improving their financial situation. Most people were never taught about credit, business formation, or funding—and seeing their confidence grow each week is one of the most rewarding parts of what I do. A success story that she would love to share is that one of my students started the credit repair class with multiple charge-offs and collections. Within 90 days, she had over 10 deletions, her scores increased by more than 80 points, and she was pre-approved for a home loan.

LARANZA CARSON—DYNAMIC PROFESSIONAL SERVICES

LaRanza has been teaching for 2 years now. She teaches courses focused on Cash for College, Emotional Intelligence, Mental Health First Aid, and Personal & Professional Development — all through a trauma-informed faith-rooted lens. She loves “being a part of someone’s “aha” moment—when their mindset shifts and they realize they are capable. Her success story is that one student came into class guarded and unsure of her next steps after experiencing deep personal loss, and by the end of the class, not only did she open up, but she enrolled in a social work program and began mentoring others.

TONY ROSE—REGION FLYERS FLIGHT SCHOOL

Tony has been teaching for Career Development for 10 years. He is Current ground school instructor for Region Flyers Flight School a retired school district superintendent, a former high school administrator, a former high school teacher, a former broadcast news reporter and radio show host and lastly, a veteran private pilot. He loves seeing his students develop into licensed pilots. Many of his students are flying for airlines or just for fun.

3D PRINTING ENDER 3-VER 3SE PRINTER OR EQUIVALENT MODEL

Bring your 3D Printing to a new level with the upgraded Ender 3 Ver3 SE 3D printer or equivalent model. This printer now comes with basically worry-free auto-leveling using the CR touch sensor and a strain sensor for auto Z offset, auto filament loading and unloading process, a rigid dual Z-Axis to avoid wobbling, and a sprite extruder for better quality and faster 3D prints. Come to this class to see and use the latest Ender 3 Series 3D Printer and learn how to 3D Print or upgrade your 3D Printing experience. **You can purchase this printer at a discounted price of \$55 and take it home with you at the end of class.** *Prerequisite: Tinkercard Tips & Tricks Online Class or equivalent knowledge.
