Appliance Troubleshooting 2

10wks

This class is for students to further their knowledge of new technology. Students will break down and diagnose problems with appliances. Since most of your appliances change every year, students get a chance to learn more about them such as washing machines, dryers, ranges and refrigerators etc. Prerequisites: None

Wednesdays—January 7 to March 11

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Roland Alvarez

Class A Truck Driver Classroom Training

10wks

This Class A CDL Classroom Training Program is designed to provide you with the first 40 hours of the full 160-hour training program as required by the FMCSA Entry Level Driver Training Law that took effect on 2/8/2022. Included in this training is the written material and instruction to help you obtain your Class A CDL Permit, along with D.O.T. Rules and Regulations, Safety, Pre-Trip Inspection and more. You will then have the opportunity to enroll with DriveCo CDL Learning Center to complete the required 120-hour behind the wheel training designed to prepare you for the state CDL skills exam.

Prerequisites: None

Mondays—February 16 to April 20

8am-12pm or 4pm-8pm

Location: JobLink

Instructor: Roger Dunn

House Wiring (Romex) Cable Lab Course

6wks

The House Wiring Romex Cable Lab Course was designed to provide a thorough understanding of the installation of romex cable (the most popular wiring method to wire a home). Students may work independently or with a partner to install all the required circuits required in a new home. The hands-on portion of this course includes the wiring from breaker box to switches, outlets and lighting fixtures required in new homes through the use of NM cable (Romex). Prerequisites: None

Tuesdays—March 10 to April 14

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

Introduction to Bladesmithing

1wk

Each student will begin by forging a set of basic items designed to build confidence and familiarity with moving hot steel at the anvil. Students will make some simple projects that incorporate techniques that are used in many other projects (tapering, scrolling, beveling, upsetting, etc). Each student will finish up the class forging a simple 3-4' blade knife, with a bottle opener in the handle, then wrap the knives in paracord. Prerequisites: None

Tuesday AND Wednesday—

Session I: January 6 AND January 7

Session II: February 3 AND February 4

Session III: March 3 AND March 4

8am-11am or 12pm-3pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Andrew Takach

NEW

♦ Lawn Equipment Maintenance and Repair

12wks

This class is to prepare students for repairing lawn equipment. You will learn how to demystify the construction and operation of the many systems needed for engine operation. You will also learn how to simplify some of the procedures used when repairing lawn equipment. Repair shops charge ninety-five to one hundred twenty dollars an hour for tuning up, repairing or prepping equipment for storage. Why not learn to do these things yourself and save. Bring your equipment into class for hands-on training. Prerequisites: None

Thursdays— Session I: January 8 to March 26

Session II: April 2 to June 18

8am-11am or 3pm-6pm

Location: JobLink

Instructor: Mike Daly

MIG Welding/Metal Fabrication

6wks

This course is intended to accommodate students of varying skill levels, from complete beginners to those with some prior experience. Throughout this course students will learn fundamentals of welding and fabrication, including safety practices, equipment handling, and various welding and fabrication techniques. Students will be introduced to GMAW (MIG) and SMAW (Stick) welding, as well as metal shaping, and finishing. The class focuses on hands-on learning, allowing the students to practice their skills in a supportive environment. Each participant will have the opportunity to work on project. Prerequisites: None

Saturdays—February 7 to March 14

11am-2pm or 3pm-6pm

Location: JobLink

Instructor: Davy Yeater

technical

Private Pilot Ground School

8wks

Eagle Aircraft will prepare you to take the FAA Private Pilot Written Exam & teach you what you need to know to begin flight training including aerodynamics, weather, weight & balance, systems, airspace, ATC, cross country planning, etc. Students attending this ground school will receive a flight bag, logbook, E6B, books, charts, & 3 hours of simulator time. This course uses a combination of powerpoint slides, videos, quizzes, and visual aides to help students complete the tasks. Prerequisites: None

Thursdays AND Tuesdays—January 15 to March 5
6pm-8:30pm

Location: Eagle Aircraft

4001 Murvihill Rd., Valparaiso, IN

Instructor: Michael Vasconi

Residential House Wiring

8wks

This 8-week residential wiring course was designed to provide the student with a thorough understanding of residential electrical systems and practices encountered in a home. No electrical experience is required for this course. The hands-on portion of this course includes the wiring of switches, outlets and lighting fixtures. Students are encouraged to register for the House Wiring Romex Cable Lab Course at the end of this course for 6 weeks of hands-on lab projects. Previously enrolled wiring students interested in repeating this course may register at no charge, JUST BRING YOUR TEXBOOK. Prerequisites: None

Wednesdays—January 7 to March 11

No Class: February 4 AND March 4

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

Residential HVAC Certification and Training

16wks

The HVAC industry is rapidly expanding and is something you rely on every day. Wouldn't it be great to fix your own system, help friends and family, or maybe even start a small business? This class will train the learner to trouble-shoot, service, and install HVAC systems safely. Emphasis will be placed on electricity, refrigerant handling and management, system troubleshooting, and basic installation procedures. Each student will have an opportunity to earn an EPA 608 card to purchase and handle refrigerant. Prerequisites: None

Mondays—January 12 to May 4

No Class: January 19

9am-12pm or 3pm-6pm

Location: Leon Lynch

Instructor: Juan Aguilar

♦ String Instrument Open Lab

3wks

In this course you will learn the basic techniques for construction and maintenance of guitar and other string instruments. You can begin the process to construct your own guitar or string instrument or can bring in your existing instruments for tune-up maintenance including neck and fingerboard set-up and fret adjustment, string action and intonation and repair of cracks and surface refinishing. This course can also be used as open lab time for those who are working to complete their instrument from previous workshop classes. Prerequisites: None

Saturdays—February 7 to February 28

No Class: February 14

9:30am-1pm or 2:30pm-6pm

Location: JobLink

Instructor: David Dolak

Video Surveillance Installation Course

5wks

This 5 week hands-on course introduces the student to the installation and design of video surveillance systems. The most popular installations will be discussed and installed in class. Students will gain access to wholesale suppliers and upon completion of the course, they will have a thorough understanding in the field of video surveillance. Prerequisites: None

Mondays—January 5 to February 9

No Class: January 19

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

woodworking

Dale Meiners & Nick Nash

♦ Woodworking Projects: Basic to Custom

15wks

We're looking for woodworkers! Whether you are a novice or experienced skilled worker, you can benefit from this class. There are many projects to choose from or bring your own ideas. JobLink offers a fantastic woodshop with experienced students and who are willing to help each other. So come join us, get out of the cold, and create something that you can be proud of. So bring your plans or ideas and come and create something that you and your family can enjoy for years. **All active students will receive \$100 wood allowance.** Prerequisites: None

Mondays—January 5 to April 20

No Class: January 19

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Nick Nash

♦ Custom Projects

15wks

Woodshop Custom Projects gives you access to JobLink's state of the art woodshop to build something not listed in the catalog, or to finish a previous project. Bring in your ideas and images of something you would like to build, and we will combine all the best ideas into a 3D rendering. Get inspired by wood choices, finishes, and other projects in the shop. Learn how to use all the machinery, and some hot tricks to work better and faster! **All active students will receive a \$100 wood allowance too!** Prerequisites: None

Wednesdays—January 7 to April 15

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

♦ Fast Cabinets! Woodshop

15wks

Let's build a bunch of cabinets for your laundry room, bathroom, garage, anywhere you want more storage. These will be European frameless cabinets, which are quick and easy, using edgebanding for fast assembly, and flat panel doors. You can choose prefinished maple, so no finishing too! These will hang on a french cleat, so install is just mounting a cleat on your wall, and hanging the cabinets, allowing you to slide cabinets into any position you like, and being able to move cabinets easily in the future. Of course you can build framed cabinets with wood framed doors too. **All active students will receive a \$150 wood allowance.** Prerequisites: None

Tuesdays—January 6 to April 14

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

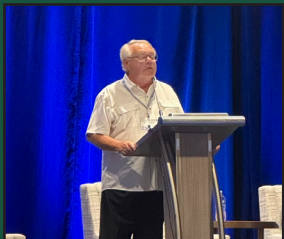

**RETIREEES will only be able to
signup for one (1) Woodshop
class PER CATALOG**

**Either Monday OR Tuesday
OR Wednesday.**

**Registration starts EXACTLY
at 8am online (bkjoblink.org)**

business

**Business Planning I:
How to Develop a Business Plan**

8wks

Create Your Own Will

1wk

This is an introductory course in developing a business plan that requires no previous knowledge of the business planning process. This course will provide you with the ability to learn what is involved in developing a plan for a successful business. You will learn about an operational plan, personnel planning and finally a marketing and financial plan. Spouses may attend at no charge. Prerequisites: None

Wednesdays—January 7 to February 25
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

Do you have a will? Have you been putting it off because you don't want to hire an attorney and you really don't want to think about it. Well, now is the time because it is so easy. Come to this class and learn the different packages available to use and begin creating yours today! Don't let the court decide the outcome of your estate! Don't delay the distribution of your assets to your loved ones! Take just a few minutes to write your Last Will and Testament today. (CEI is not offering any legal advice in this class, we are showing you how to use pre-designed software to create a will.) Prerequisites: None

Thursday—April 2
10am-12:30pm or 3pm-5:30pm
Location: JobLink
Instructor: Patti Boyer

**Business Planning II:
Fine Tuning Your Business Plan**

8wks

How to Become a Notary

1wk

This course allows the participant the opportunity to complete an initial draft of a business plan. The initial draft will include an operational plan, a management plan, a marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow analysis. Spouses may attend at no charge. Prerequisites: None

Wednesdays—March 11 to April 29
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

Have you ever needed to get a notary to notarize your paper? Was it expensive? Come to this class and learn what it takes to become one. You can earn good money as a notary! Prerequisites: None

Thursday—March 5
10am-12:30pm or 3pm-5:30pm
Location: JobLink
Instructor: Patti Boyer

**Business Planning III:
Finalization of a Business Plan**

8wks

How to Start and Run a Small Business

6wks

This course allows the participant the opportunity to complete a final draft of a Business Plan. The final draft will include an operational plan, a management plan, a marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow forecast. Spouses may attend at no charge. Prerequisites: None

Thursdays—January 8 to February 26
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

Planning before starting is an important step toward operating a successful small business. Many students have said to me that they wish they had taken this course before starting a business. This is an introductory course that teaches the basics of any type of small business. The course will focus on licenses/permits, location, deductible expenses, insurance, recordkeeping and legal forms of ownership. After you have taken this class, you will clearly understand what is required to start a small business. Spouses are welcome to attend at no charge. Prerequisites: None

Thursdays—March 12 to April 16
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

culinary

Culinary Festival

1wk

Join Chef Javier to learn how to prepare three delicious Spanish dishes: Rollos de Huevo Hilado, a Spanish twist on an omelet with shaved ham; Patatas Dauphine also known as Potatoes Dauphine a relative of potatoes au gratin; and finally Leche Frita, a spectacular and delicious yet simple to prepare light custard-like dessert, crisp on the outside and tender on the inside with a sprinkle of cinnamon sugar on top. Prerequisites: None

Wednesday–January 14
3pm-6pm
Location: JobLink
Instructor: Javier Silveas

Delicious Spring Spanish Soup Collection

1wk

Join Chef Javier from Leon, Spain to learn and enjoy a trio classic Spanish soup. First Salmorejo, a fresh, creamy soup made with tomato, olive oil, and fresh bread, topped with shaved Spanish ham, apple and egg; then we'll enjoy Ajo Blanco a rich soup with history that goes back centuries, made with garlic, olive oil, sherry vinegar and almonds. And finally the flagship soup of Spain, Gazpacho, the perfect blend of tomato, cucumber, garlic, and peppers perfect for spring and refreshing in the summer. Prerequisites: None

Wednesday–April 8
3pm-6pm
Location: JobLink
Instructor: Javier Silveas

Delicious Vegetable Dishes Everyone Will Love

1wk

Celebrate Spring with Chef Javier as we learn to prepare exciting Spanish vegetable-based dishes. Ratatouille, a delicious assortment of roasted Spring and Summer vegetables prepared with a Spanish flair; Tortillas de Coliflor, a delicious appetizer served with a spicy aioli; and Huevos Al Plato, a sophisticated Spanish take on huevos rancheros that is perfect for a Spring weekend breakfast. Prerequisites: None

Wednesday–March 11
3pm-6pm
Location: JobLink
Instructor: Javier Silveas

French Onion Soup

1wk

Start making a French Onion soup like you've never had before: the way they do it in Lyon, with a rich broth, golden threads of sweet onions sauteed in butter, thickened with egg yolk, and gratineed in crocks with Gruyere cheese on top of crusty French baquette. Have it with a side of Bistro style Lyonnaise salad. Prerequisites: None

Tuesday–February 24
3pm-6pm
Location: JobLink
Instructor: Razvan Bancos

Grandma's Apple Pie

1wk

Apple pie has many variations. Learn my grandmother's version with sweet and tangy apples, a touch of cinnamon, and a layered crust. Let the smells waft through the kitchen while you bite into a slice of home made apple pie! Prerequisites: None

Tuesday–January 27
3pm-6pm
Location: JobLink
Instructor: Razvan Bancos

Sweets for the Sweet: A Valentine's Celebration

1wk

We will devote our class to learning and preparing three delicious desserts perfect for Valentine's Day. Bunuelos de Viento, a delicious cream puff; Kaber Elluz a beautiful heart-shaped almond cookie; and finally Mielitos, a light and airy honey-drizzled pastry. Prerequisites: None

Wednesday–February 11
3pm-6pm
Location: JobLink
Instructor: Javier Silveas

**We are kindly
 requesting that all
 Culinary students
 supply their own aprons.**

personal development

Beginner Bonsai 101

1wk

Learn to Play Piano/Keyboard: Levels 1, 2, 3, 4, or 5

10wks

Whether you're a seasoned bonsai enthusiast or a curious beginner, our workshops provide all the materials and guidance you need to create your own miniature masterpiece. Enjoy some zen, connect with fellow plant lovers, and take home your very own bonsai tree. Prerequisites: None

This class is designed for all levels of piano students. Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. The instructor will work with groups and individuals based on their piano level. This class is available on-site, or can be Zoomed with instructor online, or can be a hybrid class (on-site and/or Zoom) in case you cannot make it to class due to your schedule or other time conflicts. Prerequisites: None

Thursday–January 15

3:15pm-5:15pm

Location: JobLink

Instructor: Carmeanna Eberly

Behind the Scenes at the Field Museum

1wk

This is a unique opportunity to explore museum exhibits and to get a behind-the-scenes tour of the Field Museum during the annual Members Night. Meet with museum scientists and staff and view the research collections, library, and other areas of the Museum that are usually off-limits to the public. View many interesting displays and exhibits set up specially for Members Nights. Tour will be led by David Dolak a college professor in Geology and a docent at the Field Museum. You will travel on your own to the Museum to meet with the group. Active members can bring up to two family members. Prerequisites: None

Tuesdays–January 13 to April 14

No Class: January 27, February 17, March 10, AND March 17

11:30am-1pm or 3:30pm-5pm (Central Time)

Location: Leon Lynch/ZOOM

Instructor: Frances Zahariadis

Thursday–Date TBD

5:30pm-9pm

Location: Field Museum of Natural History

1400 S. Lake Shore Dr. Chicago, IL

Instructor: David Dolak

Easy Guitar

12wks

Easy Guitar is designed for busy adults who want to experience what it's like to play the instrument and make music. Taught by award-winning guitarist and teacher Eric Lambert, Easy Guitar is an online only class that includes a follow up video of each class period in the event you are working and can't view the class live. The best part is the class is..... you guessed it, Easy! Have Fun, Play Guitar! Prerequisites: Own a guitar

Novice Bonsai 102

1wk

You'll work with a larger pre-bonsai tree, learn foundational plant physiology, practice aesthetic principles and structural wiring to shape your tree with intention. We'll also explore how moss and final presentation complete the design. You do NOT have to take 101 Beginner Bonsai to enjoy this workshop! No prior experience required—but curiosity and creativity are highly encouraged. Prerequisites: None

Thursday–February 19

3:15pm-5:15pm

Location: JobLink

Instructor: Carmeanna Eberly

Mondays–January 5 to March 30

No Class: January 19

11am-12pm or 3pm-4pm (Central Time)

Location: ZOOM

Instructor: Eric Lambert

personal development

♦ Piano Open Lab

1wk

The purpose of this Open Lab is to reacquaint students with the piano/keyboard by giving them the opportunity to ask questions and also address possible challenges they may be facing. The instructor will have extra materials and exercises available to help you focus on piano skills that need strengthening. This class is available to past piano/keyboarding students and is a great opportunity to prepare you for the next level of piano/keyboarding. Open to retirees that have taken any level of piano/keyboarding in the past. **Prerequisites: Must have taken or currently taking Learning to Play the Piano/Keyboard classes (Any Level).**

**Thursdays—January 15 and/or January 29
February 5 and/or February 19
March 12 and/or March 19
April 2 and/or April 16**

1pm-5pm

Location: Leon Lynch

Instructor: Frances Zahariadis

Sewing Class

4wks

Bring your creativity and learn the sewing basics to create a simple quilt, up-cycle/repair your old clothes or learn the basics while sewing smaller projects. You will walk away with new sewing techniques, practical skills and one of a kind personalized pieces. Learning the basics of sewing will provide you with a lifetime skill. Prerequisites: None

**Wednesdays—February 4 to February 25
10am-1pm or 3pm-6pm
Location: JobLink
Instructor: Maria Stephan**

Spring Flower Basket

1wk

Spring is in the air! Come learn about the flowers that bloom first and can withstand a late snow or frost. You will design a gorgeous flowerpot that will last all summer long, choosing from pansies, violas, and other cold-hearty flowers to create a unique arrangement to brighten your porch or table! Prerequisites: None

**Wednesday—April 15
9am-10:30am or 3pm-4:30pm
Location: JobLink
Instructor: Janet Gatto**

NEW

Stained Glass: Enjoy a New Creative Skill

8wks

We carry a large variety of patterns and materials that will allow any level of artist to satisfy their creativity. The beginner patterns have been chosen to give the student a glimpse into what can be created through many art styles such as Abstract, Art Deco, Victorian, etc. Intermediate students have the opportunity to bring in a pattern of their own, choose from our wide selection of books and personal patterns, or design one. We take pride in personal attention and customer satisfaction, guaranteeing that each student feels a sense of accomplishment and pride with their work of art. Prerequisites: None

**Mondays—January 26 to March 16
10am-12:30pm or 2:30pm-5pm
Location: Suncatchers Inc.
1348 119th St., Whiting, IN
Instructors: Edie Rauner and Margarita Otero**

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can **only** use **\$1,250** per year on restricted personal development classes.

fitness

Full Spectrum Fitness Health & Wellness

6wks Solutions at Work

12wks

This is a comprehensive program designed to educate participants on the importance of nutrition and exercise. Those attending will learn the role of health, nutrition, physical activity, and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation, improving personal fitness, and identifying changes and practical application that will enhance lifelong health. A one-year membership to Full Spectrum Fitness is included upon completion of this course. Members will be provided with a fitness center tour. Prerequisites: None

Thursdays—January 8 to February 12
8am-9am or 7pm-8pm

Location: Full Spectrum Fitness
1516 N. Main St., Crown Point, IN
Instructor: John Brant

This 3-month program meets either Tuesdays or Thursdays for 2 hours. Attend Nutrition class from 3:30pm-4:30pm followed by a Fitness Training session from 4:30pm-5:30pm. Nutrition instruction includes topics such as Proteins, Fats, Carbs, Portion Control, Sleep, and Stress. A Certified Personal Trainer will lead participants through Fitness Training Sessions and discuss different elements of physical activity (i.e. Basic Anatomy, Functional Training, Balance/Stability, and Metabolic Conditioning). This program allows full access to the Fitness Center including unlimited Team Training Sessions. Prerequisites: Onsite Registration runs from January 5th - January 21st. Onsite Registration and Health assessments are required prior to first day of class.

Tuesdays OR Thursdays—January 27 to April 16
3:30pm-5:30pm

Location: Franciscan Health & Fitness Center
810 Michael Dr., Chesterton, IN
Instructor: Barbara Pilla

Spouse Participation

Did you know in order for a spouse of an active steelworker to take a class, the active steelworker must have taken **AND** completed a class yearly **BEFORE** the spouse can register?

Look for the ♦. If space is available, any class with a diamond (♦) next to the title is a class that spouses of active participants are eligible to register one week prior to start date of class.

Classes without a diamond (♦) next to them are for **ACTIVE** members only!

3D Designs Using Tinkercad Tips and Tricks

3wks

Taking this online course will empower you to design and or edit your own or downloaded 3D models in a systematic way by learning the Tinkercad software. Many time saving tips and tricks will be introduced in this course. Learn how to create functional objects for your home, office, or even as unique gifts for friends. If you have taken the 3D printing class(es) or considering purchasing and/or taking 3D Printing classes in the future, this class will greatly benefit your 3d printing experience. This course can be viewed at your own pace online at your preferred time. Prerequisites: None

Mondays AND Wednesdays–

Session I: January 12 to January 28

Session II: March 9 to March 25

Location: ONLINE ONLY

Instructor: George Zahariadis

3D Printing with Bambu Lab A1 Printer

2wks

Learn how to 3D Print or bring your 3D Printing to a new level with the Bambu Lab A1 Printer. Come to this class and learn about the worry-free printing experience that has been hailed by current users. This printer has basically worry-free auto-leveling, auto filament loading and unloading process, a rigid dual Z-Axis, and a sprite extruder for better quality and faster 3D prints and a Multicolor addon AMS option. You can purchase this printer at a discounted price of \$250 and take it home with you at the end of class.

Prerequisites: Tinkercad designing online class or equivalent knowledge

Tuesdays–February 3 AND February 10

Wednesday–February 4

8am-11am OR 3:30pm-6:30pm

Location: JobLink

Instructor: George Zahariadis

NEW

3D Printing ENDER 3-VER 3 SE Printer or Equivalent Model

2wks

Bring your 3D Printing to a new level with the upgraded Ender 3-Ver3 SE 3D Printer or equivalent model. This printer now comes with basically worry-free auto-leveling using the CR touch sensor and a strain sensor for auto Z offset, auto filament loading and unloading process, a rigid dual Z-Axis to avoid wobbling, and a sprite extruder for better quality and faster 3D prints. Come to this class to see and use the latest Ender 3 Series 3D Printer and learn how to 3D Print or upgrade your 3D Printing experience.

Prerequisites: Tinkercad Tips and Tricks Online class or equivalent knowledge. You can purchase this printer at a discounted price of \$55 and take it home with you at the end of class.

Mondays AND Wednesday–March 30 to April 8

No Class: April 1

10:30am-2pm or 3:30pm-7pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

Design Your Own Wrapping Paper

2wks

For this class we will be designing your own wrapping paper. Imagine putting your kids' faces, dog faces, favorite characters or sayings on rolls of wrapping paper. Maybe your paper is "names" in all different fonts and sizes! Each student will receive 2 rolls of paper. Prerequisites: None

Thursdays–January 15 to January 22

10am-12:30pm or 3pm-5:30pm

Location: JobLink

Instructor: Christopher Boyer

If you enroll in **BOTH** Bambu 3D Printing classes: **Bambu Lab A1 Printer (pg. 15)** and **Bambu A1 Printer and AMS Lite System (pg. 17)**, you will get a discount of \$90, therefore, your total out-of-pocket cost will be \$310 instead of \$400, which **must be paid by January 7, 2026**

technology

Excel MOS Certification

7wks

After taking this class, you will be able to take the Excel Specialist Exam and become an Excel MOS Specialist. This looks great on your resume! Topics include creating formulas, formatting cells, save, print, change layout, charting, inserting shapes and pictures, 3D objects and symbols. Prerequisites: Windows knowledge and some Excel knowledge

Wednesdays–March 4 to April 15

10am-12:30pm or 4pm-6:30pm

**Location: Computer Education Institute
100 W. US Hwy. 20, Porter, IN**

Instructor: Chris Turner

Federal Tax Returns Using TurboTax

1wk

Bring your W2's, other necessary documents and previous year taxes to class and prepare your Federal and State taxes. With TurboTax you can find missing information, overlooked deductions, and entries that could trigger audits. You also get money-saving tax advice for this year and next. TurboTax prints ready-to-file IRS approved forms on plain paper, or you could file your federal tax returns electronically to receive your refunds faster. State tax returns can be prepared and printed. If State Returns are e-filed, TurboTax will charge a fee. This could be a great seasonal business preparing people's federal and state tax returns for a fee. Prerequisites: None

Disclaimer: Tax laws and regulations change frequently and their application can vary widely based upon the specific facts and circumstances involved. Users are encouraged to consult their own professional tax advisors concerning their specific tax circumstances. ICD, USW, Z-Tech, and Intuit, disclaim any responsibility for the accuracy or adequacy of any positions taken by users in their tax returns. The above mentioned are not liable for any indirect, special, incidental, or consequential damages (including damages for loss of business, loss of profits or investments, or the like), whether based on breach of contracts, breach of warranty, tort, (including negligence), product liability or otherwise. This course is not intended for people with properties and businesses. This course is designed for personal taxes.

Monday AND Tuesday–March 23 AND March 24

8am-12pm or 3:30pm-7:30pm

Location: Leon Lynch

Instructor: George Zahariadis

Intro to Artificial Intelligence and How to Use in Your Daily Life

2wks

Artificial Intelligence (AI) has become an integral part of our daily lives, whether we realize it or not. AI helps us with various tasks, such as searching for information, communicating with others, entertainment, managing finances, and more. In this class, you will learn how to use AI in your daily life effectively and responsibly. You will also learn about some of the benefits and challenges of AI, as well as some of the ethical and social implications of AI. We will explore and use AI Tools such as chatbots, art and imaging, voice, social media, writing, marketing and sales tools. Prerequisites: None

Tuesdays–April 7 to April 14

8am-11am or 3:30pm-6:30pm

Location: Leon Lynch

Instructor: George Zahariadis

Introduction to Robotics

2wks

This hands-on course is designed to introduce students to the exciting world of robotics using mBlock, a graphical programming platform based on Scratch. Through engaging projects and activities, students will learn the fundamentals of robotics, including programming, sensor integration, and motor control. This course covers the basics of building and programming robots, enabling students to develop problem-solving skills, creativity, and teamwork as they build and program robotic systems. Prerequisites: None

Wednesdays–January 14 AND January 21

Tuesday–January 20

8am-11am or 3:30pm-6:30pm

Location: Leon Lynch

Instructor: George Zahariadis

NEW

**Use Your TAP
Funds to Become
a Home Inspector**

**Self-paced, fully narrated, virtual online experience

Microsoft Excel Boot Camp

2wks

Take your Excel skills to the next level with this hands-on, fast-paced class to become an Excel ninja. Whether you're a beginner looking to build confidence or an experienced user aiming to work smarter, this course will equip you with the tools, tips, and techniques to boost your productivity. You'll discover keyboard shortcuts, and efficiency hacks, IF Functions, VLOOKUP, XLOOKUP, INDEX-MATCH, conditional formatting, named ranges and tips and tricks that will shorten your common Excel commands. Prerequisites: Intro to Excel or familiarity with Excel basic formulas

Mondays AND Wednesdays–February 9 to February 18

No Class: February 16

11am-2pm or 3:30pm-6:30pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

NEW

Microsoft Excel PivotTables

1wk

A PivotTable is a powerful tool to calculate, summarize, and analyze data that lets you see comparisons, patterns, and trends in your data. This class introduces the skills necessary for working with PivotTables. Tasks include creating, revising, and formatting PivotTables, and adding PivotTable fields. Students will also learn how to change PivotTable layout, group PivotTable items, and use PivotTable calculations and multiple ranges. Prerequisites: Microsoft Excel Introduction or equivalent knowledge of Excel

Tuesday–March 31

9am-12pm or 3:30pm-6:30pm

Location: McBride Hall Local 1014

1301 Texas St., Gary, IN

Instructor: George Zahariadis

Multicolor 3D Printing with Bambu A1 Printer and AMS Lite System

1wk

Come to this class to learn how to prepare and create multicolor 3D prints. The AMS lite add-on brings colors to your 3D printed models and opens up a whole new world for your creativity to soar! With AMS lite, you can setup automatic filament backup to seamlessly load in new spool when the current spool runs out, ensuring an uninterrupted printing process. When using Bambu filaments, the AMS system automatically identifies and applies the best settings for your material. **You can purchase an AMS Lite system for your Bambu Lab A1 3D Printer for \$150 and take home at the end of class.** Prerequisites: 3D Printing with Bambu A1 class or have experience with and own a Bambu Lab A1 Printer.

Wednesday–March 4

8am-11am or 3:30pm-6:30pm

Location: JobLink

Instructor: George Zahariadis

Pod Class

4wks

This class teaches you how to develop a rock solid sustainable Pod Plan that will keep you on the content generating path. It will guide you into making production decisions that will fit any budget and any style of delivery. You will get hands on experience with the assembly and the use of top-rated podcast audio equipment. You will learn the basics of audio editing and industry streaming quality. You will learn how to share your newly developed and sustainable podcast to all of the major streaming services for the purposes of sharing it with the world. Start your revolution today by signing up! Spouses may attend at no charge. Prerequisites: None

Wednesdays–February 4 to February 25

7pm-9pm

Location: CreaSpace Place

447 E. 3rd St., Hobart, IN

Instructor: James Wacasey

◆ Technical Open Labs

1wk

Bring your computer or laptop to lab for help with repairs or upgrades. We can backup your data, upgrade, and check your computer/laptop for viruses or malware in this lab. If you have any questions or need repairs on a Firestick, alarm, security camera, cell phone or tablet, questions about a previously taken class or one that you missed, this will be your opportunity to come talk to George—our instructor. Come and use our sublimation, vinyl cutting, laser engraving and 3D printer equipment and improve your skills learned in your classes. Prerequisites: None

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if; that retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.

INCLEMENT WEATHER POLICY

A closure message will be posted on Facebook by 7:45am.

For everyone's safety, we recommend you call us before venturing out in bad weather. Call JobLink at (219) 399-8135/8136.

Leon Lynch does not necessarily close when JobLink does, and vice versa.

If you have a class at the Leon Lynch Learning Center, please call (219) 398-9363 ext.1 to find out if they're open.

Visit our Facebook page by
scanning the QR code.
