2026 NEC Code Changes Course

1wk

This one day seminar covers all significant changes to the new 2026 National Electrical Code Book. Students will receive the newest version of the NEC Book. This course will cover the most important changes as well as procedures on referencing the NEC.

Monday–May 4

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

Appliance Repair

10wks

This class is hands-on. Students get a chance to troubleshoot and repair appliances such as washers, dryers, ranges and refrigerators.

Wednesdays–April 1 to June 3

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Roland Alvarez

AWS MIG/GMAW Welding

10wks

This course provides a basic study and application of commonly utilized welding processes as well as additional topics such as: welding blueprint reading, OSHA 10 hour and welding safety, weld joint design, welding terminology, and welding quality control. Students will prepare for their welding education, as well as their welding career through exposure to the welding lab environment and classroom. Students will be provided with the knowledge of MIG and STICK operations and equipment. In addition, this course will prepare students to take nationally recognized certification exam(s). You will receive a certificate of completion for this class.

Tuesdays–April 28 to June 30

8am-12pm or 4pm-8pm

Location: Ivy Tech Community College

410 Columbus Drive, East Chicago, IN 46312

Instructor: Parnell Jordan

TAP

Electrical Troubleshooting

6wks

This hands-on course introduces the student to the knowledge and procedures required in order to safely troubleshoot, repair and understand why an electrical system failed. Students will learn how to use a digital multimeter in order to diagnose the most common problems in a residential electrical system. The hands-on lab portion of the course provides a real-world understanding of the essential techniques along with the use of specialty meters needed in order to troubleshoot the majority of electrical problems in a house. **Prerequisites: Any wiring class or experience in the field.**

Fridays–May 1 to June 5

9:30am-12pm or 3:30pm-6pm

Location: JobLink

Instructor: Tim Spanos

Epoxy Floors

3wks

Come to this class and learn how to apply epoxy on basement, garage or high traffic floors. You will learn from prepping floors all the way to final finish. Learn everything you need to know to create one of a kind floors.

Thursdays–April 23 to May 7

8am-11am or 4pm-7pm

Location: JobLink

Instructor: Sharlo King

Garage Door Installation, Repair & Maintenance 3wks

The garage door is probably the door to your home that gets used most frequently. It also has more moving parts than a standard door. Topics covered: Broken springs, cables and openers, damaged rollers, tracks and brackets, unhinged panels, remote problems and general maintenance.

Mondays–July 20 to August 3

8am-11am or 4pm-7pm

Location: JobLink

Instructor: Thomas Donnelly

Register in-person for TAP classes

TECHNICAL

◆ Lawn Equipment Maintenance/ Small Engine Repair

12wks

This class is to prepare students for repairing lawn equipment. You will learn how to demystify the construction and operation of the many systems needed for engine operation. You will also learn how to simplify some of the procedures used when repairing lawn equipment. Repair shops charge ninety-five to one hundred twenty dollars an hour for tuning up, repairing or prepping equipment for storage. Bring equipment into class for hands-on training.

Thursdays—Session I: April 2 to June 18
Session II: July 2 to September 17
8am-11am or 3pm-6pm
Location: JobLink
Instructor: John Belloso

Metal Fabrication and Welding

6wks

This course is intended to accommodate students of varying skill levels, from complete beginners to those with some prior experience. Throughout this course students will learn fundamentals of welding and fabrication, including safety practices, equipment handling, and various welding and fabrication techniques. This class focuses on hands-on learning, allowing the students to practice their skills in a supportive environment. Each participant will have the opportunity to work on their own projects. By the end of the course, students will gain confidence in their abilities. **Students with a pacemaker of any sort will not be permitted to take the course as electric/magnetic fields produced by the welding equipment can interfere with their function.**

Saturdays—June 6 to July 18
No Class: July 4
10am-1pm or 3pm-6pm
Location: JobLink
Instructor: Davy Yeater

◆ Motorcycle/ATV and Side-by-Side (SxS) Repairs

8wks

Learn about: Fuel & ignition systems, braking systems, engine valve train and transmissions, CVT and more. Bring your motorcycle/ATV and SxS into class for hands-on training.

Fridays—June 5 to July 31
No Class: July 3
8am-11am or 3pm-6pm
Location: JobLink

Instructor: John Belloso

MTE Prep

12wks

This 12-week course will introduce students to topics related to industrial electrical maintenance and troubleshooting AC/DC circuits, test equipment, computers, DC crane control, power distribution, PLC's, power supplies, transformers, instrumentation and hydraulics. This is for people who want to take the Ramsay test or get a better understanding of MTE principals.

Thursdays—June 4 to August 20
9am-12pm or 3:30pm-6:30pm
Location: JobLink
Instructor: Joseph Hynek

Residential Energy: Cost Savings for Existing Buildings

2wks

This two-day seminar is designed to provide a thorough understanding of the most effective ways to increase the efficiency of a residential building's power consumption and thus reducing the homeowner's utility bills. Students will learn to identify the biggest sources of energy waste and the procedures on how to make homes more energy efficient. Students will understand proper procedures to apply for Indiana/Illinois energy refund programs which covers the cost of most repairs.

Mondays—May 11 to May 18
9:30am-12:30pm or 3:30pm-6:30pm
Location: JobLink
Instructor: Tim Spanos

◆ String Instrument Open Lab

6wks

In this course you will learn the basic techniques for construction and maintenance of guitar and other string instruments. You can begin the process to construct your own guitar or string instrument or can bring in your existing instruments for tune-up maintenance including neck and fingerboard set-up and fret adjustment, string action and intonation and repair of cracks and surface refinishing. This course can also be used as open lab time for those who are working to complete their instrument from previous workshop classes.

Saturdays—June 6 to July 18
No Class: July 4
9:30am-1pm or 3pm-6:30pm
Location: JobLink
Instructor: David Dolak

WOODWORKING

Dale Meiners & Nick Nash

◆ Woodshop: Ultimate Workbench 14wks

In this class students will have the opportunity to build a space saving multi-purpose mobile workstation. Imagine a bench with a table saw, miter saw and router table, etc. in one adjustable bench. We have plans for three different styles of benches or you can bring your own ideas. Plans can be adapted to other uses like automotive, small engine repair, or even sewing. **All active students receive a \$100 wood allowance.**

Mondays–April 27 to August 3

No Class: May 25

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Nick Nash

◆ Woodshop: Custom Projects 15wks

Woodshop Custom Projects gives you access to Joblink's state of the art woodshop to build something not listed in the catalog, or to finish a previous project. Bring in your ideas and images of something you would like to build, and we will combine all the best ideas into a 3D rendering. Get inspired by wood choices, finishes, and other projects in the shop. Learn how to use all the machinery, and some hot tricks to work better and faster! **All active students receive a \$100 wood allowance.**

Wednesdays–April 29 to August 5

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

◆ Woodshop: Outdoor Grill Cart 15wks

This outdoor grill cart has everything you need when you cook outside, all in one place. Counter height top to prep with an adjustable bar top: either bar height or a counter extension. Hooks for utensils, paper towel holder, 2 drawers with cabinets underneath. Cabinet doors have shelves for sauces. This cart is on wheels and can roll in and out from any door. This cart really has everything and it's a FREE class. **All active students receive a \$150 wood allowance.**

In this class students will help build a cart for the Tino Fulimeni Scholarship raffle.

Tuesdays–April 28 to August 4

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

**FREE
CLASS**

RETIREES will only be able to attend one (1) Woodshop class PER CATALOG

Either Monday OR Tuesday OR Wednesday.

Registration starts EXACTLY at 8am online (bkjoblink.org)

Please register for ALL THREE classes to better your chances.

See page 22 for registration dates

BUSINESS

Become a Mold and Radon Gas Measurement Inspector

The Radon Measurement Professional Training Course provides the foundational knowledge and practical skills necessary to perform accurate and compliant radon measurements. Learners will explore the science of radon, industry standards, measurement devices, quality assurance, and data interpretation. This course prepares participants to meet NRPP and state-specific requirements for certification and equips them with confidence to conduct reliable measures that protect public health and safety.

The Mold course introduces mold inspection, prevention, and remediation practices, based on the U.S. Environmental Protection Agency's voluntary March 2001 guidance *Mold Remediation in Schools and Commercial Buildings*. Learners will gain a foundational understanding of mold growth, health risks, inspection techniques, sampling protocols, and professional reporting. While the course follows EPA recommendations, it also incorporates industry's best practices to prepare inspectors for real-world field conditions. This course provides educational guidance only and is not intended to replace local, state, or federal requirements. EPA, OSHA, and CDC do not regulate mold or mold spores in the air. The information presented is applicable to damage caused by *clean water*, not flood water.

You can take these classes separately or as a bundle. **There is an out-of-pocket cost for the test. Contact your learning center if you are interested in enrolling in these classes.**

Location: ONLINE ONLY
Instructor: Inspection Certification Associates

Use Your TAP Funds to Become a Home Inspector

Self-paced, fully narrated, virtual online experience and 12 hours of classroom and field training.

Online: available 24/7, 365 days and never expires.

Contact your learning center for more information and get registered today!

Register in-person for TAP classes

Business Planning I: How to Develop a Business Plan

8wks

This is an introductory course in developing a business plan that requires no previous knowledge of the business planning process. This course will provide you with the ability to learn what is involved in developing a plan for a successful business. You will learn about an operational plan, personnel planning and finally a marketing and financial plan. Spouses may attend at no charge.

Thursdays—May 21 to July 9
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

Business Planning III: Finalization of a Business Plan

8wks

This course allows the participant the opportunity to complete a final draft of a Business Plan. The final draft will include an operational plan, a management plan, a marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow forecast. Spouses may attend at no charge.

Wednesdays—June 10 to July 29
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

Intro to Trusts and Wills

1wk

Students learn the concepts surrounding the administration, execution and drafting of Wills, Trusts and Estates. **This course applies Indiana law and the provisions of the Indiana Code.** Students will study a variety of other concepts, such as intestate succession; elements of a will and trust, as well as tax implications and rules. This is a Zoom class. If you cannot attend the zoom class, the class will be recorded and sent to your email for you to view.

Friday—May 1
11am-1:30pm (Central Time)
Location: ZOOM ONLY
Instructor: Izabella Bebekoski

CULINARY

**We are kindly
requesting that all
Culinary students
supply their own aprons.**

Cake Decorating with Your Kids

1wk

Professional cakes look so incredible, but now you can make yours look professional too! Bring your kids to this class (if you want) and learn how to decorate cakes using Fondant, cut outs, piped icing, decorations, and more. Each family will receive one cake, but others can be purchased.

Saturday–August 1

9am-11:30am

Location: JobLink

Instructor: Christopher Boyer

Freezer Meals

1wk

Learn how to make your own freezer meals, this will save you time, effort and then if you want, you can go into business on your own! Foods you will be making: Chicken tortilla soup, balsamic chicken, beef ragu fettuccine, Chipotle sweet potato, black bean tacos and either mongolian beef or citrus creek chicken.

Wednesday–May 6

12pm-2:30pm or 3pm-5:30pm

Location: JobLink

Instructor: Chris Turner

Healthy Smoothie Bowls

1wk

With the Ninja Creami, you can transform everyday ingredients into ice cream, gelato, smoothie bowls, milk shakes, and more. We will concentrate on teaching you how to make both healthy and delicious smoothie bowls, and we might even throw in a healthy ice cream! Come to this class and make and enjoy your creations! You will be able to purchase a Ninja Creami for approximately \$200. **Payment will be due two weeks before the start of class.**

Monday–May 18

10am-12:30pm or 3:30pm-6pm

Location: JobLink

Instructor: Christopher Boyer

Ice Cream Cake

1wk

To understand the process, you will make one flavor of ice cream. Use some other sorbets, gelatos, and ice creams to create your own ice cream cake. Learn about new flavors and create your combination. You will be decorating your cake on a cake turntable.

Tuesday–July 14

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Korean BBQ

1wk

Marinate tender beef, pork, chicken and prepare a barbecue for the whole family. Use Korean ingredients, learn about seasoning vegetables. Fresh rice, kimchi, salads and side dishes to accompany charred sweet barbecue.

Tuesday–April 28

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Master 3 Great European Desserts!

1wk

We will make Natillas, a Spanish custard that is rich and velvety and served with a Spanish cookie. Our second dish is a light, tasty European sponge cake that we'll make from scratch and explore the of ways it is featured in different delicious dessert combinations. Finally we'll make the classic Profiteroles.....the puffy, delicate cream puffs usually built into a tower and topped with delicious sauces and fillings & ice cream.

Wednesday–June 10

3pm-6pm

Location: JobLink

Instructor: Javier Silvares

Pierogi and Polish Crepes

2wks

Roll up your sleeves and prepare a traditional pierogi with different fillings - meat, sauerkraut, mushrooms, potatoes, bacon, and cheese. Learn how to make crepes and turn them into kroszki rolls with different fillings. Use sweet fillings for a satisfying dessert, polish crepes. Learn how to season the fillings and make a delicious sauce of them.

Tuesdays–June 9 to June 16

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Pizza, Pizza, Pizza!

1wk

We will have a total pizza party while learning how to make pizza completely from scratch. You can make your own doughs (regular and deep-dish styles), sauces and topping combinations with ease and produce fancy pizzeria-style pies and create your own favorite!

Wednesday–July 8

3pm-6pm

Location: JobLink

Instructor: Javier Silvares

Sausage Making 101

1wk

Sausage in everyone's kitchen: fry it, grill it, add it to sandwiches, soups or stews. Try two versions - Romanian or Brazilian garlic sausage or an Algerian spicy lamb sausage. Cook some in the kitchen and take some home.

Tuesday–July 28

3:30pm-6:30pm

Location: JobLink

Instructor: Razvan Bancos

Quick Delicious Spanish Snacks and Appetizers

1wk

First we'll make Filetes Rusos, a delicious Spanish home-style version of the meatball served with a delicious garlic and onion aioli. We'll also make Huevos Al Plato, a tasty blend of peppers, onions and garlic served with eggs poached atop the delicious vegetables. Finally we'll make the classic delicious Spanish Jamon (ham), served with a very special raspberry sauce. A surprise pairing you have to taste to believe.

Wednesday–May 13

3pm-6pm

Location: JobLink

Instructor: Javier Silvares

PERSONAL DEVELOPMENT

Arranging Succulents

1wk

Come learn the basics about growing and maintaining this unique plant variety! You will choose from a wide selection of plants to create your own design. Your plants will live happily outside all summer long, and then come in for the winter to enjoy a sunny window.

Tuesday–May 19

9am-10:30am or 3pm-4:30pm

Location: JobLink

Instructor: Janet Gatto

Behind the Scenes at the Field Museum

1wk

This is a unique opportunity to explore museum exhibits and to get a behind-the-scenes tour of the Field Museum during the annual Members Night. Meet with museum scientists and staff and view the research collections, library, and other areas of the museum that are usually off-limits to the public. View many interesting displays and exhibits set up specially for Members Nights. Tour will be led by David Dolak, a college professor in Geology and a docent at the Field Museum. **You will travel on your own to the museum to meet with the group. Active members can bring up to two family members.**

Thursday–May 14

5:30pm-9pm

Location: Field Museum of Natural History

1400 S. Lake Shore Dr., Chicago, IL

Instructor: David Dolak

Butterfly and Hummingbird Garden

1wk

Welcome the summer with a colorful arrangement of native plants that will attract butterflies and hummingbirds to your yard! Provide an excellent food source for these delicate creatures while enjoying the gorgeous sights and smells of beautiful flowers. You will design your garden to suit your taste, and learn how to keep it happy all summer long!

Tuesday–June 2

9am-10:30am or 3pm-4:30pm

Location: JobLink

Instructor: Janet Gatto

Earn Extra Income Mystery Shopping

1wk

Get paid to shop at almost every store in your area, plus many online shopping assignments from home or on vacation (in over 70 countries). Learn the TOP 100 MYSTERY SHOPPING COMPANIES. Review actual assignments. Get paid or keep the items you buy. A FREE dinner for two at a nice restaurant, a FREE hotel, tank of gas, groceries, dry cleaning, store items & more. Instructor has been a professional mystery shopper for over thirty years & teaches in 90 cities. Includes a 100-page digital book (a \$39.95 value).

Wednesday–August 5

9am-12pm or 3pm-6pm (Central Time)

Location: ZOOM ONLY

Instructor: Gina Henry

If you see a class you are interested in, please call and sign up right away.

We will cancel a class the week before if the class does not reach its minimum amount of students.

**DON'T WAIT,
IT MIGHT BE TOO LATE!!!**

PERSONAL DEVELOPMENT

Easy Guitar

12wks

Easy Guitar is an easy way to learn the guitar. Taught online via Zoom by award-winning instructor Eric Lambert, you can attend this class from anywhere you have a device that connects to the Internet. Eric also provides followup videos for each class period in case you miss. Have fun, play guitar!

Prerequisites: Own a guitar

Mondays–April 27 to July 20

No Class: May 25

11am-12pm or 3pm-4pm

Location: ZOOM ONLY

Instructor: Eric Lambert

Ficus Kokedama (Ficus Bonsai)

1wk

Our Ficus Kokedama Workshop puts a creative spin on bonsai in one of the most hands-on, satisfying formats. Perfect for plant lovers of all levels, this session teaches you how to turn a lush ficus bonsai into a living moss ball—known as kokedama, a traditional Japanese art form. You'll sculpt, bind, and wrap your kokedama using decorative string, natural textures, and your own creative flair. To prepare for display, custom stain your own pedestal to show off your new live art!

Thursday–June 11

3:15pm-4:45pm

Location: JobLink

Instructor: Carmeanna Eberly

Full Spectrum Wellness

6wks

This is a comprehensive program designed to educate participants on the importance of nutrition and exercise. Those attending will learn the role of health, nutrition, physical activity, and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation, improving personal fitness, and identifying changes and practical application that will enhance lifelong health. A one-year membership to Full Spectrum Fitness is included upon completion of this course. Members will be provided with a fitness center tour.

Thursdays–April 30 to June 4

8am-9am or 7pm-8pm

Location: Full Spectrum Fitness

1516 N. Main St, Crown Point, IN

Instructor: John Brant

Herb Garden

1wk

Come get your hands in the dirt and create a beautiful and fragrant herb container that your family will benefit from all summer long! Containers will be the perfect size to fit on an outdoor table, or deck, plenty big to provide a variety of plants for cooking and drying all season.

Tuesday–May 12

9am-10:30am or 3pm-4:30pm

Location: JobLink

Instructor: Janet Gatto

The 5 Star Training System

This 3 month program offered by D1 Training Merrillville is designed to help participants build a complete understanding of fitness, leadership, and motivation.

April 1 to June 30

7am-8am or 7pm-8pm

Location: D1 Training Merrillville

1627 E. 80th Ave, Merrillville, IN

Instructor: Kristina Veljovic

PERSONAL DEVELOPMENT

How to Make Your Vacations Free

1wk

Learn how to earn free airline tickets, hotels, tours, cruises and more in the USA and worldwide. Find the deep travel discounts motivating us to book travel. Earn miles and points with reward credit cards for free air, hotels and cash back. Volunteer, fun work vacations, teach English, mystery shop, drop shipping, remote employment & more. Includes 100-page digital book (\$39.95 value).

Wednesday–July 22
9am-12pm or 3pm-6pm (Central Time)
Location: ZOOM ONLY
Instructor: Gina Henry

Learn to Play Piano/Keyboard: Levels 1, 2, 3, 4, or 5

10wks

This class is designed for all levels of piano students. Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. The instructor will work with groups and individuals based on their piano level. This class is available on-site, or can be Zoomed with instructor online, or can be a hybrid class (on-site and/or Zoom) in case you cannot make it to class due to your schedule or other time conflicts.

Tuesdays–April 28 to June 30
11:30am-1pm or 3:30pm-5pm (Central Time)
Location: Leon Lynch/ZOOM
Instructor: Frances Zahariadis

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can **only** use **\$1,250** per year on restricted personal development classes.

Mother's Day Basket

1wk

Create a delightful basket of cold hearty flowers to safely sit on your porch...even with late winter chills lingering. You will select from pansies, violas, lobularia, and other plants that don't mind early spring temperatures. These would make a perfect gift for that special someone on Mother's Day!

Tuesday–April 28
9am-10:30am or 3pm-4:30pm
Location: JobLink
Instructor: Janet Gatto

Novice Bonsai 102

1wk

You'll work with a larger pre-bonsai tree, learn foundational plant physiology, practice aesthetic principles and structural wiring to shape your tree with intention. We'll also explore how moss and final presentation complete the design. You do NOT have to take 101 Beginner Bonsai to enjoy this workshop! No prior experience required—but curiosity and creativity are highly encouraged.

Thursday–May 14

PERSONAL DEVELOPMENT

◆ Piano Open Labs

1wk Sewing Class

4wks

The purpose of this Open Lab is to reacquaint students with the piano/keyboard by giving them the opportunity to ask questions and also address possible challenges they may be facing. The instructor will have extra materials and exercises available to help you focus on piano skills that need strengthening. This class is available to past piano/keyboarding students and is a great opportunity to prepare you for the next level of piano/keyboarding. Open to retirees that have taken any level of piano/keyboarding in the past. **Prerequisites: Must have taken or currently taking Learning to Play the Piano/Keyboard classes (Any Level).**

Thursdays—May 7 and/or May 21
 June 11 and/or June 25
 July 9 and/or July 23

1pm-5pm
 Location: Leon Lynch
 Instructor: Frances Zahariadis

The Secrets of Reward Credit Cards

1wk

Earn “cash back” to help you pay your monthly bills (your electric bill, groceries, rent, mortgage, etc). Or earn airline frequent flyer miles and hotel reward points to pay for your next vacations. Flights and hotels are typically the most expensive part of your vacation. Learn how to manage reward credit cards without hurting your credit score or finances. Learn a "Beginners Strategy" then graduate to more “Advanced Strategies”. All reward programs are detailed. Includes a 100-page digital book (a \$39.95 value). Go to www.GinaHenry.com for more info.

Wednesday—July 29
 9am-12pm or 3pm-6pm (Central Time)
 Location: ZOOM ONLY
 Instructor: Gina Henry

Bring your creativity and learn the sewing basics to create a simple quilt, up-cycle/repair your old clothes or learn the basics while sewing smaller projects. You will walk away with new sewing techniques, practical skills and a one of a kind personalized piece to keep or to gift. Learning the basics of sewing will provide you with a lifetime skill.

Wednesdays—May 6 to May 27
 10am-1pm or 3pm-6pm
 Location: JobLink
 Instructor: Maria Stephan

Spring into a New Hobby With Stained Glass!

8wks

There is a large variety of glass and other materials that will allow any level of artist to satisfy their creativity. Patterns that have been selected are to give students a glimpse into what can be created in many art styles, i.e. Abstract, Art Deco, Victorian, etc. Intermediate students have the opportunity to bring in patterns of their own or look through our many books to choose a pattern they would like to achieve.

Mondays—April 27 to June 22
 No Class: May 25
 10am-12:30pm or 2:30pm-5pm
 Location: Suncatchers Inc.
 1348 119th Street, Whiting, IN
 Instructors: Edie Rauner

TECHNOLOGY

3D Printed Lithophanes: Turning Photos into Glowing Art 1wk

Discover how to transform your favorite photos into beautiful 3D printed lithophanes — images that come to life when backlit. In this workshop, you'll learn the entire process from start to finish, including image preparation, model generation, and slicing for 3D printing. Whether you're new to 3D printing or looking to expand your skills, this class will give you the tools to create unique, personalized gifts and décor. If possible, bring your laptop to class and have a few of your favorite digital photos available. By the end of the class, you'll walk away with a ready-to-print lithophane. **Prerequisites: Any 3D Printing class or 3D Printing experience**

Monday–April 27
8am-11am or 4pm-7pm
Location: USS ICD Lab/McBride Hall Local 1014
1301 Texas Street, Gary, IN
Instructor: George Zahariadis

Laser Engraving with 10W Diode Laser 2wks

Unlock the creative potential of laser engraving in this hands-on class designed for beginners and hobbyists! Using a 10W diode laser and LaserGRBL software, you'll learn everything you need to confidently set up, design, and engrave your own projects. We'll start with the basics—understanding how diode lasers work, safety best practices, and getting familiar with LaserGRBL's interface. From there, you'll move on to preparing images, generating G-code, and fine-tuning power and speed settings for different materials. In this course, you'll create your own personalized engraved projects. **You can purchase a 10W laser engraver for \$100 and take home at the end of the class.**

Mondays–May 4 AND May 11
Tuesdays–May 5 AND May 12
8am-10:30am OR 4pm-6:30pm
Location: USS ICD Lab/McBride Hall Local 1014
1301 Texas Street, Gary, IN
Instructor: George Zahariadis

Donated by Daniel Whitefoot

Laser Engraving with a Rotary Tool 1wk

Take your laser engraving projects to the next level with a Rotary Tool add-on. Unlock endless possibilities with the innovative 360° auto-rotating roller, allowing you to effortlessly engrave on cylindrical objects like wine glasses, mugs, tumblers and more. Make your creations truly unique with personalized engravings. You can purchase the rotary tool add-on and riser accessories for \$30 and take home with you at the end of class. **Prerequisites: Laser Engraving with 10W diode laser class**

Monday AND Tuesday–June 1 AND June 2
8am-10:30am or 4pm-6:30pm
Location: USS ICD Lab/McBride Hall Local 1014
1301 Texas St., Gary, IN
Instructor: George Zahariadis

Organizing Your Digital Photos 2wks

Organizing your digital photos can be tedious. Many people have difficulty organizing their photos, consolidating and organizing their digital photos because the photos are stored in multiple devices (i.e., computer, tablet, cell phone, thumb drive, DVD, etc.). This class will provide you with software and a thumb drive that will help you search for all your photos; find duplicates; and transfer those photos from your cell phone and tablet to a thumb drive, then to your computer/laptop.

Tuesdays–June 9 to June 16
9am-12pm or 3:30pm-6:30pm
Location: Leon Lynch
Instructor: George Zahariadis

Sublimation Printing

2wks

Sublimation printing is the method of applying an image/saying to specialty coated items such as ceramics, metals, fiber board and polyester cloth, using four main ingredients: sublimation ink and paper, heat and pressure. In this class you will learn how to use sublimatable materials and equipment to sublimate your picture and/or phrase on a mug, t-shirt, a mousepad, keychain and take home or give as a gift or memento. The sales growth for custom gifts and apparel is increasing tremendously; here is your opportunity to learn how to sublimate and possibly join this growing business trend.

Fridays—May 1 to May 8

8am-11am or 3pm-6pm

Location: Leon Lynch

Instructor: George Zahariadis

◆ Technical Open Labs

1wk

We have open labs available for you. Bring your computer/laptop to help you with repairs or upgrades. We can backup your data, upgrade, and check your computer/laptop for viruses or malware in this lab. If you have any Firestick, alarm or security camera, cell phone or tablet questions or repairs, if you have questions about a class, you have recently taken or missed, this will be your opportunity to come talk to George, our instructor. Come and use our sublimation, vinyl cutting, laser engraving and 3D printer equipment and improve your skills learned in your classes.

Thursdays—May 7 and/or May 28 and/or July 2

Mondays—June 8 and/or June 29 and/or July 6

8am-10:30am or 4:30pm-7pm

Location: Leon Lynch

AND/OR

Mondays—May 18 and/or June 15

8am-10:30am or 4:30pm-7pm

Location: JobLink

Instructor: George Zahariadis

**FREE
CLASS**

Word MOS Certification

7wks

This class prepares students to take the MOS Core Certification Exam. Students will learn the basics of Word and then formatting, Tables, Graphics, Tabs, Index, TOC, Customizing Word, Columns, plus other Word Function.

TAP

Wednesdays—June 3 to July 15

12pm-2:30pm or 4pm-6:30pm

Location: Computer Education Institute (CEI)

100 W. Hwy. 20, Porter, IN

Instructor: Chris Turner

Register in-person for TAP classes

DID YOU KNOW

At the beginning of every year you receive **\$2,000** for Customized courses AND **\$2,500** for Tuition Assistance (TAP) courses.

\$500 out of the \$2,500 (TAP) can be used towards approved subscription-based courses.

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if that retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.

Look for the ♦

If space is available, any class with a diamond (♦) next to the title is a class that Local 1011 and 1010 spouses and retirees are eligible to take. Classes without a diamond (♦) next to it are for active steelworkers only!
