MLK Day-January 18

Good Friday-March 26

TECHNICAL

Appliance Troubleshooting

10wks

In this class, students will get more hands-on experience diagnosing and repairing appliances such as washers, dryers, refrigerators, and ranges.

Wednesdays—January 6 to March 10

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Roland Alvarez

Basic Home Plumbing

8wks

This class will teach students how to sweat copper water lines together. They will be taught how to install water heaters, garbage disposals, dishwashers, and toilets. Students will also learn how to check for water and gas leaks.

Thursdays—February 4 to March 25

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Roland Alvarez

Be Prepared for a Power Outage (Generators)

2wks

This two-day course covers everything you need to better prepare for the future power outages. Topics include: choosing the right size generator; purchasing a whole house automatic generator or portable manual generator; understanding power banks; extension cord sizing and lengths and considerations for sensitive electronics commonly found in most of today's furnaces and appliances; sump pump battery backup systems. Safety requirements and common homeowner mistakes shall be thoroughly reviewed.

Tuesdays—January 5 to January 12

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

Generator to Breaker Box Course

6wks

This hands-on course introduces the students to all procedures and considerations for purchasing and installing a portable generator to supply individual circuits from a breaker or fuse box. Natural gas whole house generators will be reviewed in class. This course is highly recommended for anyone considering using a generator to power loads such as furnaces, sump pumps, refrigerators, freezers or well pumps in a residential building during a power outage.

Wednesdays—March 17 to April 21

9:30am-12pm or 3:30pm-6pm

Location: JobLink

Instructor: Tim Spanos

Build a Retro Desktop Arcade Gaming System

6wks

A bar top arcade cabinet is one of the coolest projects you can make. If you love retro gaming, of course you'd want a bar top arcade cabinet for your home. This bar top arcade build is one of the most affordable, can run on any number of emulators, including RetroPie on the Raspberry Pi. You will need to purchase the Monitor, Raspberry Pi and a few other items for this unit. Cost will vary depending on what you want.

Thursdays—March 4 to April 8

8am-12pm or 1:30pm-5:30pm

Location: Burns Harbor Career Development Center

1275 1/2 McCool Rd., Burns Harbor, IN

Instructor: Don Trinidad & Sam Laker

♦ Build Your Own Guitar or Stringed Instrument

8wks

In this course you will learn the basic techniques for construction and maintenance of guitar and other string instruments. You can begin the process to construct your own guitar or string instrument, or you can bring in your existing instruments for tune-up maintenance including neck and fingerboard set-up and fret adjustment, string action and intonation and repair of cracks and surface refinishing. This course can also be used as open lab time for those who are working to complete their instrument from previous workshop classes.

Fridays—February 5 to April 9

No Class: March 19 and March 26

9:30am-1pm or 3pm-6:30pm

Location: JobLink

Instructor: David Dolak

Class A CDL 40-Hour Classroom Training

10wks

This Class A CDL Classroom Training program is designed to provide you with the first 40 hours of the full 160-hour training program as required by the FMCSA Entry Level Driver Training Law that took effect on 2/8/2022. Included in this training is the written material and instruction to help you obtain your Class A CDL permit, along with D.O.T. Rules and Regulations, Safety, Pre-Trip Inspection and more. You will then have the opportunity to enroll with DriveCo CDL Learning Center to complete the required 120-hour behind the wheel training designed to prepare you for the state CDL skills exam.

Mondays—March 8 to May 10

8am-12pm or 4pm-8pm

Location: JobLink

Instructor: Eric Zelisko

TECHNICAL

Forged Herb Chopper

1wk

Students will forge a complete herb chopper from a single piece of high-carbon steel, forming both the cutting blade and integral steel handle at the anvil.

Tuesday–April 6

Wednesday–April 7

8am-11am or 11:30am-2:30pm or 3pm-6pm

Location: JobLink

Instructor: Andrew Takach

Forged Railroad Spike Knife

1wk

Each student will hand forge a 4"-5" blade knife with a hot twisted handle from a railroad spike. Once forged, we will harden and then grind the profile and bevels on the blades.

Tuesday–February 23

Wednesday–February 24

8am-11am or 11:30am-2:30pm or 3pm-6pm

Location: JobLink

Instructor: Andrew Takach

♦ Lawn Equipment Maintenance and Small Engine Repair

12wks

This class is to prepare students for repairing lawn equipment. You will learn how to demystify the construction and operation of the many systems needed for engine operation. You will also learn how to simplify some of the procedures used when repairing lawn equipment. Repair shops charge ninety-five to one hundred twenty dollars an hour for tuning up, repairing or prepping equipment for storage. Bring equipment into class for hands-on training.

Thursdays–TBD

8am-11am or 3pm-6pm

Location: JobLink

Instructor: Robert Casto

Locksmith: Lock Picking

1wk

This introductory course provides students with foundational understanding of lock mechanisms and the basic techniques used to manipulate them. Participants will learn how common pin-tumbler locks function and how various lock-picking tools interact with internal components. Students will work directly with transparent acrylic training locks, allowing them to visually observe the internal movement of the pins while practicing techniques such as tension control, single-pin picking and raking. Each student will receive a Long Shackle Solid Brass Padlock set to take home.

Wednesday–January 20

4pm-6:30pm

Location: Computer Education Institute (CEI)

100 US-20, Chesterton, IN

Instructor: Jon Watson

Residential HVAC Certification and Training

16wks

The HVAC industry is rapidly expanding and is something you rely on everyday. Wouldn't it be great to fix your own system, help friends and family, or maybe even start a small business? This class will train the learner to troubleshoot, service, and install HVAC systems safely. Emphasis will be placed on electricity, refrigerant handling and management, system troubleshooting, and basic installation procedures. Each student will have an opportunity to earn an EPA 608 card to purchase and handle refrigerants.

Mondays–January 25 to May 10

9am-12pm or 3pm-6pm

Location: Leon Lynch

TAP CLASS

Instructor: Juan Aguilar

Residential Wiring

6wks

This course provides the students with the thorough understanding of electricity, safety procedures and common installation practices encountered in a residential building. No electrical experience is required for this course. The hands-on portion of this course includes the wiring of switches, outlets and light fixtures along with the proper use of electrical meters.

Tuesdays–February 16 to March 23

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

Residential Wiring Lab 1: Romex Cable

6wks

This Romex Cable Lab Course is designed to provide a thorough understanding of the installation procedures and code requirements for the wiring of switches, outlets, boxes and circuit breakers using Romex Cable (the most popular wiring method used in homes). Students will learn how to calculate loads, size branch circuits, and understand the minimum number of circuits required in a residential building. **Prerequisites: any wiring course**

Tuesdays–March 30 to May 4

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

Securing Your Home on a Budget

2wks

This two-day course provides a complete overview of the most cost-effective measures to secure a property. Students will be introduced to a wide array of products, systems and strategies used to deter and make entry difficult. Today's high-tech thief is equipped with the tools and know how to override most electronics allowing access into most buildings. This course provides the knowledge needed to make access difficult.

Fridays–April 2 to April 9

9:30am-12:30pm or 3:30pm-6:30pm

Location: JobLink

Instructor: Tim Spanos

WOODWORKING

Dale Meiners & Nick Nash

♦ Woodshop: Indoor/Outdoor Furniture 15wks

Furniture you can build using different materials such as pine, red oak, white oak, western, red cedar, etc. Learn the best wood to use for each project. Also, learn the best type of joinery for the project. We have a large library of options to choose from. Perhaps you would like to build a tile table top, a river table, or even a daybed. There are plenty of options to choose from! **All active students receive a \$100 wood allowance.**

Mondays—January 4 to April 19

No Class: January 18

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Nick Nash

♦ Woodshop: Custom Projects 15wks

Woodshop Custom Projects gives you access to Joblink's state of the art woodshop to build something not listed in the catalog, or to finish a previous project. Bring in your ideas and images of something you would like to build, and we will combine all the best ideas into a 3D rendering. Get inspired by wood choices, finishes, and other projects in the shop. Learn how to use all the machinery, and some hot tricks to work better and faster! **All active students receive \$100 wood allowance.**

Wednesdays—January 6 to April 21

No Class: January 27

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

♦ Woodshop: Folding Bench 15wks

Come build an awesome folding bench inspired by Leon Mazur. This bench folds into seating for two, with a table between. One seat in the middle with tables on each side or leave flat and take a nap. We will modify this design with a contoured seat and back making it more comfortable, and hinged folding legs for easier storage. This looks beautiful in dark walnut, or use the wood of your choice. **All active students receive a \$150 wood allowance.**

Tuesdays—January 5 to April 20

No Class: January 26

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

BUSINESS

Business Planning II: Fine Tuning Your Business Plan

8wks

eBay: Buying and Selling

1wk

This course allows the participant the opportunity to complete an initial draft of a business plan. The initial draft will include an operational plan, management plan, marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, profit and loss projection and a cash flow analysis. Spouses may attend at no charge.

Thursdays—January 7 to February 25

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

This class will make you a pro when it comes to eBay. Come learn from a specialist how to set up accounts, determine postage, determine the best verbiage for the items you are selling, and determine a selling price. We will then have you sell your items on eBay and then show you how to get the best rating possible for future sales.

Wednesday—January 6

3pm-5:30pm

Location: JobLink

Instructor: Jon Watson & Jerame Simpson

Business Planning III: Finalization of a Business Plan

8wks

Federal Tax Returns Using TurboTax

1wk

This course allows the participant the opportunity to complete a final draft of a business plan. The final draft will include an operational plan, management plan, and a marketing plan, as well as a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow forecast. Spouses may attend at no charge.

Thursdays—March 4 to April 22

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

Bring your W2's, other necessary documents and previous year taxes to class and prepare your Federal and State taxes. With TurboTax you can find missing information, overlooked deductions, and entries that could trigger audits. You also get money-saving tax advice for this year and next. TurboTax prints ready-to-file IRS approved forms on plain paper or you could file your federal tax returns electronically to receive your refunds faster. State tax returns can be prepared and printed. If State returns are e-filed, TurboTax will charge a fee. This could be a great seasonal business preparing people's federal and state tax returns for a fee. *Disclaimer: tax laws and regulations change frequently and their application can vary widely based upon the specific facts and circumstances involved. Users are encouraged to consult their own professional tax advisors concerning their specific tax circumstances. ICD, USW, Z-Tech, and Intuit, disclaim any responsibility for the accuracy or adequacy of any positions taken by users in their tax returns. The above mentioned are not liable for any in-direct, special, incidental, or consequential damages (including damages for loss of business, loss of profits or investments, or the like), whether based on breach of contracts, breach of warranty, tort, (including negligence), product liability or otherwise.*

Monday AND Tuesday—March 15 AND March 16

9am-12:30pm or 3:30pm-7pm

Location: Leon Lynch

Instructor: George Zahariadis

**DON'T WAIT,
IT MIGHT BE TOO LATE!!!**

If you see a class you are interested in, please call and sign up right away.

We will cancel a class the week before if the class does not reach its minimum amount of students.

Inspiring Words *about* Scott Williams

"Scott is one of the most dedicated and involved instructor I ever had. His small business classes provided the knowledge required to launch Haunted Hills Hospital. A very successful "haunt" and event venue in Merrillville, IN."

-Joel Hill, Local 1011 member

"Scott Williams is one of the best intructors I have ever had. He takes genuine interest in his students and has helped many of them start and run their own business. In fact, Scott and I co-founded a non-profit organization called Craftsman Community Maker-labs of Indiana. We are now in our third year, have a full board of directors, and hope to open our doors in the near future. Scott has been deeply involved in this entire process. I have never met anyone so knowledgeable in every aspect of business, from planning and funding to sales and marketing. I always look forward to his classes and I'm usually the first to sign up. If you are thinking about starting a business or need help running an existing one, Scott will absolutly set you in the right direction."

-Steve Dovellos, Local 1010 member

"Scott has been instrumental in my success as a business owner. My goal was to sustain myself through my business (Darque Syde of D'Lyte Productions, Inc.), and I achieved it. He made that possible through his deep knowledge of how businesses work and the experience he has running his own. My business is thriving and I owe a lot of that to Scott Williams. He's the best in the business! Pun absolutely intended!"

-Zernul R. Shackelford Jr., Former Local 1010 member

SCAN ME

"The Electrician, the Baker, and the Video Maker - Forging Entrepreneurs from Steel with ICD Learning"

"Scott is more than just an instructor, he truly invests in his students. He goes above and beyond to promote his classes, encourage the students' ideas, and help them build and grow their businesses. His support doesn't end when the class is over; he genuinely wants to see his students succeed."

-JobLink Staff

BUSINESS

How to Develop a Marketing Plan For Your Business

8wks

Using Artificial Intelligence to Build and Strengthen Your Business Plan

8wks

One of the basic challenges facing small businesses is how to get the word out about your company's goods and services. In other words, how to reach potential customers aware of who you are and what you're offering. This course will help you develop a plan to make potential customers aware of who you are, increase your return on investment of sales and marketing dollars, find your core customer, organize your sales and marketing efforts, and put social media to work for you. Spouses are welcome to attend at no charge.

Wednesdays—March 3 to April 21
8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch
Instructor: Scott Williams

How to Start and Run a Small Business

6wks

Planning before starting is an important step toward operating a successful small business. Many students have said to me that they wish they would have taken this course before starting a business. This is an introductory class that teaches the basics of starting any type of small business. The course will focus on licenses/permits/location, deductible expenses, insurance, recordkeeping, and legal forms of ownership. After you take this class, you will clearly understand what is required to start a small business. Spouses may attend at no charge.

Wednesdays—January 13 to February 17
8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch
Instructor: Scott Williams

This course is designed to build on the knowledge learned in the business planning process. Students will learn to use AI as a practical business assistant for research, review and refinement. Spouses may attend at no charge.

Thursdays—May 6 to June 24
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Geoff Williams

Wills and Trusts

1wk

Students learn the concepts surrounding the administration, execution and drafting of Wills, Trusts and Estates. This course applies Indiana law and provisions of the Indiana Code. Students will study a variety of other concepts, such as interstate succession; elements of a will and trust, as well as tax implications and rules.

Date—TBD
1pm-3:30pm
Location: ZOOM ONLY
Instructor: Izabela Bebekoski

PERSONAL DEVELOPMENT

Behind the Scenes at the Field Museum

1wk

This is a unique opportunity to explore museum exhibits and to get a behind-the-scenes tour of the Field Museum during the annual Members' Night. Meet with museum scientists and staff and view the research collections, library, and other areas of the Museum that are usually off-limits to the public. View many interesting displays and exhibits set up specially for Members' Night. Tour will be led by David Dolak a college professor in Geology and a docent at the Field Museum. You will travel on your own to the Museum to meet with the group. Each participant can bring 1-2 additional guests. If you plan on bringing guests, please let your learning center know upon registering.

Date—TBD

5:30pm-9pm

Location: Field Museum

1400 S. Lake Shore Dr., Chicago, IL

Instructor: David Dolak

Cake Decorating with Your Kids

1wk

Professional cakes look so incredible, but now you can make yours look the same! Bring your kids to this class (if you want) and learn how to decorate cakes using Fondant, cut outs, piped icing, fruits and berries, candies, etc. We will be making an Easter/Spring cake.

Saturday—March 20

9am-12pm

Location: JobLink

Instructor: Sarah Watson

Easy Guitar

12wks

If you've always wanted to play the guitar, this is your opportunity. Classes are broadcasted on Zoom and are easy and convenient. Can't make a class? No problem, as there will be a follow-up video available for you to view and study. Have a question? No problem, just text or email the instructor and get your answer. Easy guitar is easy, I promise.

Mondays—January 4 to March 29

No Class: January 18

11am-12pm or 3pm-4pm

Location: ZOOM ONLY

Instructor: Eric Lambert

Everyday Wellness:

4wks

A Practical Guide to Better Health

This course provides practical, evidence-informed wellness education designed to help participants improve their physical, mental, and emotional well-being throughout the aging process. Participants will learn how nutrition, movement, stress management, sleep, and healthy lifestyle habits support long-term health and independence. This course also explores recognizing important health warning signs, developing healthy coping strategies, and incorporating complementary wellness practices such as meditation, mindfulness, breathing exercises, and an introduction into Eastern wellness.

Session I: Mondays—January 4 to February 1

No Class: January 18

Session II: Mondays—February 8 to March 1

9am-11am

Location: JobLink

Instructor: Alison Wajvoda

Filipino Desserts: Ube and Coconut

1wk

Join Chef Javier for a colorful journey into the world of Filipino desserts. Discover ube, the vibrant purple yam loved for its delicate, nutty sweetness as we prepare traditional ube halaya and irresistible ube cookies. We'll also make creamy maja blanca, a classic coconut pudding. This hands-on class is filled with bold colors, tropical flavors, and delicious treats you'll want to make again at home. **Please bring your own apron.**

Wednesday—February 17

3:30pm-6:30pm

Location: JobLink

Instructor: Javier Silvaes

Flavors of Spain's Mediterranean Coast

1wk

Travel to Spain's Mediterranean coast with Chef Javier in this hands-on culinary experience. Begin with rustic pan con tomate, then discover how to prepare fideuà—a flavorful coastal specialty similar to paella but made with noodles—served with homemade aioli. Finish with mel i mató, a simple Catalan dessert of fresh cheese, golden honey, and toasted walnuts. Fresh ingredients, traditional techniques, and the sunny flavors of the Mediterranean! **Please bring your own apron.**

Wednesday—March 17

3:30pm-6:30pm

Location: JobLink

Instructor: Javier Silvaes

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use **\$1,250** per year on restricted personal development classes.

PERSONAL DEVELOPMENT

Full Spectrum Fitness

6wks

Full Spectrum Fitness is a comprehensive lifestyle and fitness education geared to enhance both your mental and physical well being. Those attending will learn the role of health, nutrition, physical activity and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation. Improving personal fitness, and identifying changes and practical application that will enhance lifelong health. A one-year membership to Full Spectrum Fitness is included upon completion of this course. Members will be provided with a fitness center tour

Thursdays—January 7 to February 11

8am-9am or 7pm-8pm

Location: Full Spectrum Fitness

1516 N. Main St., Crown Point, IN

Instructor: John Brant

Get Paid to Teach English: Overseas, in the USA & Online

1wk

English is the world's business and travel language. If you speak English, you can teach conversational English! Being able to speak English helps people get better paying jobs. You don't have to be certified or speak the local language. Teach English in person or online to make additional income from home. Learn about the best paying jobs, qualifications needed, and certification programs. Gina teaches this online class while she is traveling, including operating her "Volunteer Teach Conversational English Program in Thailand". Includes her 100-page digital book (\$39.95 value).

Wednesday—April 14

9am-12pm or 3pm-6pm (Central Time)

Location: ZOOM ONLY

Instructor: Gina Henry

Learn to Play Piano/Keyboard: All Levels

10wks

This class is designed for all levels of piano students. Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. The instructor will work with groups and individuals based on their piano level. This class is available on-site, or can be Zoomed with instructor online, or can be a hybrid class (on-site and/or Zoom) in case you cannot make it to class due to your schedule or other time conflicts.

Session I: Tuesdays—January 5 to March 16

No Class: January 19

Session II: Tuesdays—March 30 to June 1

11:30am-1pm or 3:30pm-5pm (Central Time)

Location: Leon Lynch/ZOOM

Instructor: Frances Zahariadis

♦ Piano/Keyboard Open Labs

1wk

The purpose of this Open Lab is to reacquaint students with the piano/keyboard by giving them the opportunity to ask questions and also address possible challenges they may be facing. The instructor will have extra materials and exercises available to help you focus on piano skills that need strengthening. This class is available to past piano/keyboarding students and is a great opportunity to prepare you for the next level of piano/keyboarding. Open to retirees that have taken any level of piano/keyboarding in the past. **Prerequisites: Must have taken or currently taking Learning to Play the Piano/Keyboard classes (Any Level).**

Thursdays—January 14 and/or January 28

PERSONAL DEVELOPMENT

The Secrets of Reward Credit Cards

1wk

Earn thousands of airline frequent flyer miles, hotel reward points and cashback without ever stepping foot on a plane or paying for a hotel. Flights and hotels are the most expensive part of your vacation. Learn how to travel for free using reward credit cards with "Beginner Strategies" to "Advanced Strategies". All reward programs are detailed. Instructor Gina Henry has traveled for free to over 108 countries and all 50 states. Includes a 100-page digital book (value of \$39.95) which provides valuable resources for after the class.

Wednesday–April 7

9am-12pm or 3pm-6pm

Location: ZOOM ONLY

Instructor: Gina Henry

Sewing Class

4wks

Tap into your creative side and learn sewing basics to create a simple quilt, upcycle/repair your old clothes or learn the basics while sewing smaller projects. Build your confidence with new sewing techniques, practical skills and one-of-a-kind personalized creations. Sewing teaches patience, focus, hand-eye coordination, attention to detail and self confidence. Learning the basics of sewing will provide you with a lifetime skill.

Wednesdays–February 17 to March 10

10am-1pm or 3pm-6pm

Location: JobLink

Instructor: Maria Stephan

Solutions at Work

12wks

This program allows full access to the Fitness Center including unlimited Team Training Sessions. Attend Nutrition class on Tuesdays from 4pm-5pm. SAW exclusive exercise sessions are held Tuesdays and Thursdays from 5pm-6pm. Nutrition instruction includes topics such as Proteins, Fats, Carbs, Portion Control, Sleep, and Stress. A Certified Personal Trainer will lead participants through Fitness Training sessions and discuss different elements of physical activity (i.e. Basic Anatomy, Functional Training, Balance/Stability, and Metabolic Conditioning.) **Prerequisites: Health assessments are REQUIRED prior to the first day of class.**

Tuesdays AND Thursdays–January 26 to April 15

4pm-6pm

Location: Franciscan Health & Fitness Center

810 Michael Dr., Chesterton, IN

Instructor: Barbara Pilla

Stained Glass: Cure for Cabin Fever

8wks

We carry a variety of patterns and materials that will allow any level of artist to satisfy their creativity. The patterns for our new students have been chosen to give the students a glimpse into what can be created through many art styles such as Abstract, Art Deco, Victorian, etc. Intermediate students have the opportunity to bring in a pattern, design their own, or choose a pattern from our wide collection. We take pride in personal attention and customer satisfaction, guaranteeing that each student feels a sense of accomplishment and pride with their art.

Mondays–January 25 to March 15

10am-12:30pm or 2:30pm-5pm

Location: Suncatchers Inc.

1348 119th St., Whiting, IN

Instructor: Edie Rauner

A Taste of Abuela's Kitchen

1wk

Step into Abuela's kitchen with Chef Javier and discover the warmth of traditional Spanish home cooking. In this hands-on class, we'll prepare a comforting, slow-cooked meal inspired by the dishes that bring families together around the table. You'll learn simple, time-honored techniques and prepare food that is rich in flavor, made with love, and meant to nourish both the body and the soul. **Please bring your own apron.**

Wednesday–January 20

3:30pm-6:30pm

Location: JobLink

Instructor: Javier Silvaes

SPOUSE PARTICIPATION POLICY

Did you know in order for a spouse of an active steelworker to take a class, the active steelworker must have taken **AND** completed a class yearly **BEFORE** the spouse can register?

TECHNOLOGY

3D Designs Using Tinkercad Tips and Tricks 2wks

Taking this online course will empower you to design and/or edit your own or downloaded 3D models in a systematic way by learning the Tinkercad software. Many time-saving tips and tricks will be introduced in this course. Learn how to prototype products and even create functional items for your home, office, or even as unique gifts for friends. If you have taken the 3D printing class(es) or considering purchasing and/or taking 3D Printing classes in the future, this class will greatly benefit your 3D printing experience. This course can be viewed at your own pace and times online.

Online videos will be sent on dates below via email.

Session I:

Mondays–January 25 and February 1

Wednesdays–January 27 and February 3

Fridays–January 29 and February 5

Session II:

Mondays–March 1 and March 8

Wednesdays–March 3 and March 10

Fridays–March 5 and March 12

Location: ONLINE ONLY

Instructor: George Zahariadis

3D Printing Ender 3-Ver3 SE Printer or Equivalent Model 2wks

Bring your 3D printing to a new level with the upgraded Ender 3-Ver3 SE 3D Printer or an equivalent model. This printer now comes with basically worry-free auto leveling using the CR touch sensor and a strain sensor for auto Z offset, auto filament loading and unloading process, a rigid dual Z-Axis to avoid wobbling, and a sprite extruder for better quality and faster 3D prints. Come to this class to see and use the Ender Series 3D Printer and learn how to 3D print or upgrade your 3D printing experience. **You can purchase this printer at a price of \$65 and take it home at the end of class. Prerequisites: Tinkercad Tips and Tricks Online class or equivalent knowledge.**

Wednesdays–March 24 AND March 31

Tuesday–March 30

10am-1pm or 3:30pm-6:30pm

Location: Local 1014 McBride Hall

1301 Texas St., Gary, IN

Instructor: George Zahariadis

Drone Mastery 101: Take Off with the DJI Mini 4K Drone or Equivalent Model 1wk

The ultra-light DJI Mini 4K—a drone is less than 249g requiring no FAA registration or Remote ID for recreational use. In this class you'll learn about cinematic shooting, intelligent flight modes, safe and confident piloting and will get your recreational drone TRUST certificate online to be able to legally fly your drone. Whether you're into photography, travel, outdoor adventure, or simply love learning new tech, this class turns drone flying into an exciting, accessible skill you'll want to use everywhere. **Students can purchase the DJI Mini 4K or equivalent at a discounted price of \$125.**

Thursday AND Friday–April 15 AND April 16

10am-12pm or 3:30pm-5:30pm

Location: JobLink

Instructor: George Zahariadis

Laser Engraving with 10W Diode Laser 1wk

Unlock the creative potential of laser engraving in this hands-on class designed for beginners and hobbyists! Using a 10W diode laser and Laser Engraving software, you'll learn everything you need to confidently set up, design, and engrave your own projects. We'll start with the basics—understanding how diode lasers work, best safety practices, and getting familiar with Laser Engraving software interface. You will learn about fine-tuning power and speed settings for different materials.

You can purchase a 10W Diode laser engraver for \$125 and take home at the end of class.

Session I:

Tuesday–February 23

Wednesday–February 24

Thursday–February 25

Location: Leon Lynch

Session II:

Tuesday–April 13 AND April 20

Wednesday–April 14

Location: Local 1014 McBride Hall

1301 Texas St., Gary, IN

9am-12pm or 3:30pm-6:30pm

Instructor: George Zahariadis

TECHNOLOGY

Multicolor 3D Printing with FlashForge Creator 5

1wk ♦ Technical Open Labs

1wk

Learn how to 3D Print or bring your 3D printing to a whole new level with the FlashForge Creator 5 Printer. Unlike traditional single-nozzle multi-color printers, the Creator 5 utilizes 4 independent toolheads to prevent color mixing and clogging while enabling consistent, up to 500% faster flawless multi-color output and no purging waste. **You can purchase this printer and four filaments at a discounted price of \$600, (as we get closer to class date, purchase price may vary), and take it home with you at the end of class. Prerequisites: Tinkercad designing online class or equivalent knowledge. If you wish to purchase a 3D printer, you must let your ICD coordinator know at time of registration.**

Tuesday–February 9
Wednesday–February 10
Thursday–February 11
9am-12pm or 3:30pm-6:30pm
Location: JobLink
Instructor: George Zahariadis

NEW

We have open labs available for you. Bring your computer/laptop to help you with repairs or upgrades. We can backup your data, upgrade, and check your computer/laptop for viruses or malware in this lab. If you have a Firestick, alarm or security camera, cell phone or tablet questions or repairs, if you have questions about a class, you have recently taken or missed, this will be your opportunity to come talk to George, our instructor. Come and use our sublimation, vinyl cutting, laser engraving and 3D printer equipment and improve your skills learned in your classes.

Wooden Tool Storage Cart (Donated by Nick Nash)- Hilario Gonzales

Cutting Board (Donated by Dale Meiners)- Alan Bryant

\$100 Visa Gift Card (Donated by Scott Williams)- Humberto Terrazas

TINO FULIMENI SCHOLARSHIP FUND

In 2026, five \$1,000 scholarships were awarded to children/grandchildren of Steelworkers by ICD.

The Tino Fulimeni Scholarship Fund was established to honor the memory of Brother Fulimeni. Tino was a fanatic about ICD. His commitment and contribution are evident in the success of the Career Development Program.

The **Fund** is administered by ICD in Merrillville, IN.

The following criteria must be met to be eligible for the scholarship drawing:

- Applicant must be a high school graduate enrolled in college in the fall semester of 2027 or a college student returning to school in the fall semester of 2027 or spring semester of 2028.
- Students pursuing trade or vocational programs are also encouraged to apply, provided they are enrolled in a recognized training program for the fall semester of 2027 or spring semester of 2028.
- Applicant must have maintained, in the past, at least a 3.0 grade point average and can demonstrate this with a transcript if selected.
- Applicant must be the child/grandchild of a United Steelworkers member who is currently eligible to participate in the Career Development Program.

Application Deadline is April 15, 2027

Submit an application online at www.icdlearning.org

or MAIL or FAX applications to:

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if that retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.

Look for the ♦

If space is available, any class with a diamond (♦) next to the title is a class that Local 1011 and 1010 spouses and retirees are eligible to take. Classes without a diamond (♦) next to it are for active steelworkers only!
